District faces tough choices

▶ 1991 school board resolution may not prevent Frederic closure

by Susan Warrington Staff Writer

The Crawford AuSable School District's Board of Education needs to trim the district's budget by at least \$700,000 for the next school year. The reasons for the shortfall are twofold.

First, the economy is not growing so the per pupil basic grant, will remain at \$6,700, at best. Second, the number of students in the district has dropped by 209 since September 1996.

Additionally, the 2003-04 kindergarten class is considerably smaller than Grayling High School's graduating class of 2003, therefore student count is expected to drop by approximately 50 more students.

The school board is currently looking for ways to cut the budget that will have the smallest impact on student learning. Continued on Page 8A

Love of animals evident in artist's works

by Susan Warrington Staff Writer

Kim Diment has loved painting since she was a small girl. Her mother gave her paint and brushes when she was four and started her on her career as a wildlife artist.

She was also fortunate to have a teacher who took a special interest in her and helped foster her career.

Second grade teacher Peg Ridgeway was very interested in animals and helped spark the interest in Diment. She helped increase her love of art by having Diment make several bulletin boards dealing with animals for the classroom. Ridgeway also helped Diment set up her first art shows.

When Diment graduated from Oscoda High School, she went to Michigan State University where she majored in zoology and art.

During the time Diment was an art teacher in both Standish and Alpena school districts, she had a chance to go to Africa and has since returned to the continent seven times. For most of these trips to Africa she worked at a safari camp and during the times between safaris she took many photos:

Diment specializes in painting animals in their natural habitat which is why she uses photos. She photographs the animals Continued on Page 12A

Snowmobilers find lake ice too weak, too late

Recovery efforts continue to locate brothers missing since Sunday night

Five snowmobilers were rescued and two are missing and presumed dead as a result of two incidents over the weekend where the men traveling on Houghton Lake were unaware of thin ice and open water ahead of them.

A trooper from the Michigan State Police Post in Houghton Lake was dispatched to the northwest corner of the lake around 6:40 p.m. on Saturday, January 11 in response to a report of five snowmobilers having gone through the ice. Lake Township Fire Department was also dispatched to the scene to provide water rescue if necessary.

Upon their arrival, they discovered all five men had been removed from the water. One man, Carl Bohm, age 23 of Midland, was taken to Mercy Hospital in Grayling and treated for a mild case of hypothermia.

Trooper Keith Toms was told that a group of six snowmobilers had been traveling on the frozen Continued on Page 12A

Numbers in on Phase II of state traffic enforcement campaign

by Cheryll Ruley Staff Writer

Two drunk driving arrests were made by Crawford County Sheriff's Deputies during Phase II of a holiday traffic enforcement campaign, sponsored by the Office of Highway Safety Planning (OHSP).

The "You Drink & Drive. You Lose" drunk driving awareness campaign ran from December 20, 2002 to January 5, 2003. While all three law enforcement agencies serving Crawford County were on the look-out for impaired or drunk drivers this past holiday season, the Sheriff's Office submitted its activity to the OHSP.

Prior to the special enforcement period, a statewide advertising campaign on television, radio and in the press warned drivers of the stepped up effort to catch and prosecute those driving under the influence of alcohol.

Sheriff Kirk Wakefield said his deputies contributed 208 total patrol hours to the campaign with the goal of keeping local roads safer, from just before Christmas and into the week following New Year's Day.

A total of 112 vehicles were stopped.

Of those 112 stops, two drivers were arrested for drunk driving. Wakefield said it is difficult for his department to make a substantial amount of drunk driving

arrests as his road patrol ends at midnight. "This leaves the Grayling Police to patrol the city and an occasional (Michigan) State Trooper to patrol the rest of the county after midnight, when most drunk drivers leave the bars or parties and head for home," Wakefield explained.

Statistics for the two-week period were not available from the Grayling Police Department or Michigan State Police Houghton Lake Post.

Also as a result of the 112 stops, sheriff's officers issued one seat belt violation ticket (age 16 and over). Wakefield said he believes there was only one ticket written because awareness was raised during Phase I's "Click It or Ticket" seat belt law enforcement campaign. Speeding citations numbered 75, other moving violations totaled five, 30 non-moving violations were cited, and five felony and 17 misdemeanor arrests were

No "minor in possession" or MIP arrests were made during the campaign. Wakefield said he hopes this is a result of the recent effort to make the community more aware of the local underage drinking problem.

Even though the campaign is over, Wakefield said his office will continue to keep an eye out for drunk drivers and safety belt law violators in an effort to save lives in Crawford County.

Trout Unlimited honors those who protect our rivers

The Grayling City Council and three individuals were given awards for their contributions to help preserve and enhance rivers at a recent meeting of the Mason-Griffith Founders Chapter of Trout Unlimited.

The Grayling City Council received the Rainbow Trout award given to a group that has made extraordinary contributions to the health of local rivers. The council received their award for their endorsement and significant financial support of the city storm water and surface run-off treatment project. Vice President Jim Powers said, "We salute the vision of the Grayling City Council, knowing their cooperation will help protect the AuSable River for generations

Rusty Gates received the Brook Trout award presented to an area individual who has made extraordinary contributions to preserve the cold water fishery of the AuSable and Upper Manistee River watersheds. Gates activities include raising money for restoration projects, organizing September AuSable River cleanup, supporting the white cedar tree planting program along the AuSable and contributing to the Manistee River restoration projects.

They are both employees of the Michigan Department of Natural Resources who have worked tirelessly for effective management of northern Michigan's natural resources. More than a dozen vehicles line Eagle Point Road near the shores of Lake Margrethe. Residents living on Eagle Point have reported ice fishermen using the public access area have been creating traffic congestion and blocking their mailboxes. The sheriff is asking for cooperation and courtesy from those parking there.

Eagle Point Rd. parking has caused residents to miss mail delivery

An Eagle Point Road resident brought the issue of a growing parking problem to the attention of Grayling Township officials and the Crawford County Sheriff's Office last week, complaining of blocked mailboxes and road congestion.

ing, but wants to remind those using road ends, such as Eagle Point Road, to take the time to show some courtesy to its resi-

"I, too, love the excitement of fishing on beautiful Lake Margrethe. I realize by getting all wrapped up in the excitement of fishing we can sometimes forget to be courteous to those that live near the lake year-round," Wakefield said. "But as you can see by this photo, recently submitted to my office, the parking problems are becoming abundant."

The Eagle Point Road resident presented photos and information at a meeting of the Grayling Township Board of Trustees on January 8. For at least two years, residents in the area have experienced occasional non-delivery of mail and newspapers due to vehicles blocking mailboxes and newspaper tubes. Driveways are also being blocked.

"When you block someone's mailbox, his or her mail does not get delivered that day," Sheriff Wakefield explained. "If this was your mailbox and you did not receive your retirement check because a visiting fisherman had blocked your mailbox in, you would be upset.

"And, if you decided to go to the store one morning and found it difficult to get out of your driveway or garage, which was blocked by other vehicles, you would be upset." Not knowing whose vehicle is blocking a driveway and their location on the lake, in some instances, has made it impossible for residents to leave their driveways.

But Wakefield said the concerns go beyond mail delivery and blocked driveways. It's a matter of public safety.

"In the winter time many people burn wood," Wakefield said. ""If a chimney or other fire" occurred down one of these streets, the fire department would be hindered by this traffic congestion." He said there would be no easy or quick way to get the owners back to shore and remove the vehicles to allow sufficient access by fire trucks and other emergency vehicles.

Noise has also been a complaint by local residents. "The fish begin biting early in the morning and this encourages fishermen to arrive and unload their three-wheelers and fourwheelers very early," the sheriff

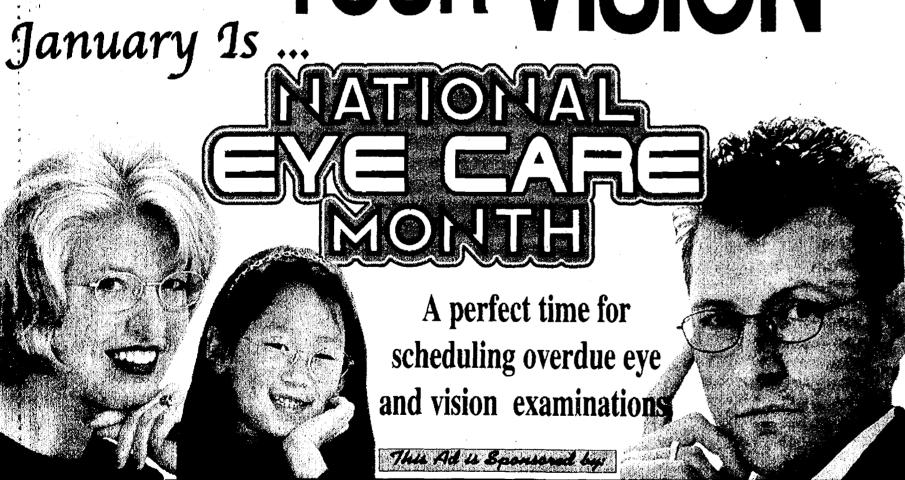

"The activity can wake up our slumbering friends and neighbors who live at the lake. So, with this in mind, along with many complaints called to my office, please use due care and caution and let's try to be more courteous to the folks that live near the lake year-round.

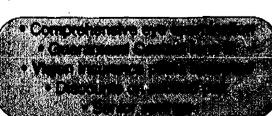

Grayling Township Supervisor Terry Wright said his Board of Trustees will hold a public hearing in May to address the many issues facing residents of Lake Margrethe. Besides the parking problems at various road ends and boat launches, Wright said the issues of burning leaves and boaters speeding near the shore will also be discussed in the andreas diverging 'spring.

"We really need to get people together here at the township hall and discuss some solutions to some longtime problems. The people who live at the lake are very important to us, but we have to also remember we serve a total of 7,000 residents who also have concerns and the right to use the public waterways. We would like to hear from all sides of the issues."

"We all have to work together to make this a better place to live," said Sheriff Wakefield.

Just having a genuine interest in a committee's area of concern is a good start for many applicants.

For example, those who love the library may want to apply for the library board and those concerned with the availability or quality of mental health services may wish to apply to serve with the local mental health agency.

Board officers are: Sharon Hartman - President; Ray Priebe, Jr. - Vice President; Judy Morford - Secretary; Loretta Hassan - Finance; and Barbara Greene - Trustee.

Hartman's five-year appointment on the Board will expire October 31,

The Library Board meets the second Tuesday of each month at 3:30 p.m. at the Devereaux Memorial Crawford County Library, 201 Plum Street in Grayling.

The meetings are open to the public.

Winter weather stresses already tight budget

by Cheryll Ruley Staff Writer

While the lack of 24-hour road patrol is a major concern for Crawford County Sheriff Kirk Wakefield, money allocated for overtime pay is of greater immediate concern.

"The budget I was given to work with was set up for failure from the start," he said. "We have already used more than 89 percent of my overtime pay budget and it's only January. I don't there's a major emergency or if winter weather accidents and other mishaps cause me to call in more manpower at crucial times."

In fiscal year 2001, the Sheriff's Office was budgeted \$10,000 in overtime pay, but In 2002, spent \$19,000. Wakefield and Lovely managed to stay very close to their \$10,000 budget. However, Wakefield started fiscal year 2003 with only \$5,000 earmarked for overtime. About \$500 remains unused as of press time.

Former Sheriff Dave Lovely was forced to make line item adjustments to cover the cost of overtime by spending less in other areas of operation such as on equipment purchases and maintenance, and firing range training. But Wakefield said his budget has been cut to the bare bones and has no idea where he can make cuts without lay-offs.

Recent snowfalls have not stopped drivers from pushing the limits on slippery local roads and highways, thus pushing the local road officers' time to its limits, and providing a good example of how unpredictable the job of law enforcement can be.

For instance, this past weekend, Sheriff's officers and local towing companies were kept busy from the time snow started falling early on Friday through late Saturday night.

bound I-75 faster than deputies and tow truck drivers could possibly keep up.

"White-out" conditions were reported on the highway north of Grayling, while treacherous road surface conditions existed to the south.

At two different times Saturday morning, sheriff's officers Captain Art Clough and Deputy Conrad Niederhouse were forced to close down the highway or slow down traffic on northbound know what is going to happen if I-75 in order to clear the roadway of jack-knifed pick-ups, trailers and the snowmobiles they were hauling. At least eight snowmobiles were damaged in traffic mishaps that day. No injuries were reported.

> Over 30 calls regarding accidents and vehicles off the road were handled by 911 Central Dispatch and the Crawford County Sheriff's Office beginning at 8:38 a.m. on Friday, January 10 and ending around 9:30 p.m. Saturday night. Twenty-one of the mishaps took place in the northbound lanes of 1-75, as snowmobilers rushed to their destinations. Numerous tickets were issued to drivers who failed to drive properly for the road conditions.

> When drivers travel too fast for road conditions and end up in ditches and highway medians, Wakefield said law enforcement gets bogged down answering the calls for help. This leaves dispatchers to perform a balancing act, delegating other types of calls to whatever law enforcement officer may be available at the time. Many calls are deemed non-emergency and must wait until an officer becomes available, but all life-threatening emergency calls are handled in an expeditious

accident reports and take care of other paperwork so that drivers can file insurance claims and get their vehicles fixed. Reports can, take up a lot of valuable time, but they have to be completed."

To add to the Sheriff's woes, his patrol cars are quickly approaching the limited 100,000 odometer reading. By contract, sheriff's deputies do not have to partake in any high-speed pursuits in a vehicle driven more than 100,000 miles. They can, however, use them for normal patrol and routine calls, but no one can predict when a routine call will end in a chase with a dangerous sus-

Wakefield said even though today's cars are built to last a bit longer than before, his employees really prefer not to drive the cars with over 100,000 miles on them because of the extensive wear and tear caused by traveling the county's unpaved roads and two-tracks while performing their duties. Winter driving conditions add to the toll. "Some of my patrol cars can really get beat to hell out there and all of us are a little leery of driving them, especially on long distance transports," Wakefield said.

No new vehicles were purchased during the 2002 fiscal year and none are budgeted for 2003, leaving Sheriff Wakefield to face some trying personnel issues.

He told the Crawford County Board of Commissioners at their January 8 Law Enforcement Committee meeting he may be forced to put two deputies in each car and/or send deputies home if their contract can't be changed to allow an extra 20,000 miles on each vehicle, similar to agreements in neighboring counties. Wakefield said he is afraid none of these options will be good for

School counselor faces drunk driving charge

by Cheryll Ruley Staff Writer

A Grayling man, known for years for delivering his anti-drug, anti-alcohol, and anti-violence messages to local school children, was arrested recently for allegedly driving drunk.

David "Clyde" Holzbauer, a guidance counselor who works for the Crawford AuSable Schools at AuSable Primary and Grayling Elementary Schools, waived his right to an arraignment on Tuesday, January 14 in 83rd District Court, following his arrest just before 7 p.m. on January 3. Governor John Engler will not be forgotten

BEAL CITY FARM boy John Engler at year's end finally has left Michigan's state capital after 32 years in office, but the memory will linger for many years.

Mr. Engler plotted his entry into Michigan government and politics while he still was a stuat Michigan State University. First step: The Michigan legislature.

So John Engler challenged a well-established Republican incumbent representative, Rep. Russell Strange of Mt. Pleasant, and won the GOP primary in 1970 at age 21. The rest is histo-

3 That initial venture into elective politics in 1970 displayed dertain traits which Mr. Engler föllowed throughout his career -careful advance planning, unafraid to tackle the status quo, and work hard to accomplish

Once in office, including governor, he operated the same way -- planning, boldness and hard work.

Mr. Engler was not a do-nothing governor. Quite the contrary, he accomplished a lot, and failed at very few initiatives.

He leaves behind on the Michigan political scene a host of friends and a host of enemies, and not many people in between.

HIS RECORD AS governor emphasized educational spending reforms and improved classroom performance.

John Engler has been a national leader in welfare reform, reduced a lot of taxes -- and raised some, too -- and experimented time and again in reorganizing state government agencies and activities.

He's proud of his steps to improve the economic climate in Michigan, and boasts of job creation and lower unemployment lists.

In all these areas, there is plenty of truth. However, there's a "Yeah, but ..." codicil on many...

How one views John Engler and his record in state government generally is guided by how his programs and his actions have directly affected the person making the judgement.

The philosophical orientation of his supporters and detractors usually makes a difference, too.

For example, James Barrett, president of the Michigan Chamber of Commerce, praises John Engler for encouraging jobs and investment in Michigan, while Mark Gaffney, president of the Michigan AFL-CIO, blames him for higher taxes and tougher

benefit rules for workers...

SOME OPINIONS seem uniform. He was tough, resourceful, effective.

"Principled, partisan, pragmatic and polarizing, Engler never stopped trying to change things...it's not likely Michigan will ever again see the likes of John Engler," editorialized The Detroit Free Press.

"There's nobody that's been like him. Engler was just a force of nature when it came to asserting his will and his patience," said Bill Ballenger, editor of Inside Michigan Politics.

"He was a pragmatist, but his pragmatism was always in service to a broader vision," wrote Thomas Bray, Detroit News columnist.

What do I think of John Engler and his record? I'm one of the

few who has followed his career who's in the middle on John Engler. I consider myself neither a friend nor a foe.

John Engler probably will get more credit for the good things his administration accomplished, and too much blame for anything

He was an astute politician, and thoroughly Republican. From the time he became Senate majority leader in the early 1980's right through the day he left the capital, he worked to mold and control the Michigan Republican party. Of course, changes in political philosophy were following a national trend toward conservatism during those years.

His effect on Michigan's economy was distinct, but the entire nation enjoyed booming economic times during the 1990's. Michigan rode that tide, too. Mr. Engler does not deserve all the credit.

Just so, the deficits and slashed spending Mr. Engler leaves behind for the new governor also are reflected in other states. Mr. Engler's not completely at fault.

John Engler's Michigan legacy has yet to be decided.

History is like that. It should only be written long after the fact, by people who were not involved personally but who can stand back and view what happened in a detached way.

One thing is for certain: We will not soon forget Governor John Engler and the things he did for -- and to -- Michigan and its people.

Richard Milliman is a veteran newspaperman, and a contributcolumnist to Michigan newspapers.

INTOR

Frederic handed seven 'breaches of faith'

Crawford County,

Here we go again! "Frederic Elementary to be Closed." Let me explain why this should never

Let's go back to the years of 1964 to 1966. Because Grayling school officials courted citizens of Frederic proposing that the high school systems be consolidated. Frederic had a small enrollment in high school and also had a large tax base, which consisted of the townships of Frederic, Maple Forest and Lovells, as well as Waters in Otségo County. Frederic School had no bond debt.

Grayling had a large high school enrollment, a large bond debt, and not enough capital to run the new high school which was going to be built.

At this time, though Frederic had no bond debt, monies banked, and plenty of monies for operating kindergarten through twelfth grades, citizens were aware that general math, algebra, geometry and trigonometry were taught in consecutive years, not yearly. A freshman might come in the second year or third year of the sequence and have to wait two years to get general math. The same was true for the science

For this reason I supported the consolidation of our high schools. Because of subsequent events, I regret that I did.

The agreement to consolidate was as follows:

Frederic School would retain their K through eighth grades and

One school board would oversee the schools.

Frederic would assume the School was in financial trouble, abond for the high school in four School District office (White sidered for at least two years, years. (Monies transferred to Crawford-AuSable School District from the consolidation and transfer would allow this.)

• The first breach of faith with this agreement seemed apparent when Grayling dominated the sign at the Crawford AuSable High School. Frederic students wondered, wasn't this supposed to be their high school too?

• Second breach of faith - the bond was assessed to our late school district in two years instead of four years.

• Third breach of faith monies for maintenance of our old high school, which now housed our junior high was reduced until the historic building was not safe and was demolished.

 Fourth breach of faith -Frederic seventh and eighth graders were forced to move to the Grayling junior high, which was not in the consolidation agreement.

Fifth breach of faith -AuSable Crawford needed monies to operate. The millage was turned down by voters, so the school board closed Frederic Elementary School for the entire 1981-82 school year. Parents of pupils in Frederic Elementary, as well as other residents who remembered our agreement,

Frederic contributes plenty of taxes to keep school open

To the editor,

I would like to inform everyone that I have found some misleading information that was given out at the January 6, 2003 meeting held at the Frederic Elementary School.

We were told since Proposal A passed that the school district only collects money from the voters for the school debt and that was all. That is about halfcorrect.

In the tax year 2001 Frederic Township (only) collected \$185,682.47 for the school debt. Crawford AuSable Schools also received an additional \$397,584.96 that went directly to the school for non-homestead

This year, to date, Frederic

Township has collected for the school debt \$202,560.44 up through January 8, 2003. The school also received to date \$435,691.41 for non-homestead tax. Where is this non-homestead being spent? That is \$638,251.85 from Frederic Township land owners and this year's tax season is not over yet.

These figures are from Frederic Township. What is being collected from Grayling Township, the City of Grayling, Maple Forest Township, Lovells Township, South Branch Township, and Beaver Creek Township?

This money is in addition to the \$6,700 the school district receives per student from the state. The federal government

also allocates monies for all school districts.

All the information I have included in this letter was received by the Freedom of Information Act, collected from the Frederic Township Treasurer. Anyone wishing to have this information, please contact your local township treasurer.

Money could be saved by eliminating or combining some of the positions like a curriculum director, food director, a full time athletic director, an assistant band director (why?). These are just a couple of cuts that could be made.

Why do the AuSable Primary and the Grayling Elementary need two separate principals and two separate office staffs? Could one principal and one office staff handle the work?

There are so many cuts that could be made instead of closing the Frederic Elementary School. Each school could cut \$140,000 out of its budget by either combining jobs and duties or laying some people off. They (school board) could cut even more money out of the budget if they close the "White House" and move the "White House" staff to the Grayling Elementary School where they have open rooms. This would save the heating cost of the "White House." Since the school is already being heated for school, there would be no additional cost to heat.

Current class sizes at Frederic no justification

To the editor,

As citizens of Crawford County and residents of Frederic, we are distressed about the proposal to close Frederic Elementary School.

When the school district was consolidated in the 60s, it was with the agreement Frederic would always have its own elementary school. There is no way a consolidation issue would have ever passed in Frederic without our elementary school.

The 1991 School Board passed and signed a resolution promising Frederic Elementary School would remain open after consolidation of the Crawford County schools. However, on January 6, 2003 the current superintendent, Ms. Haug, asserted she is justified in closing the school, stating,

"Frederic Elementary School will remain open as long as the school population in the... attendance area continues to require at least one classroom per grade level."

Ms. Haug contends there are not enough children at Frederic to constitute one class per grade level. No one has determined how many children are required before a group of students can be called a class. In fact, many educators believe "one on one" is a perfect learning situation.

shows student achievement in small schools is often superior to achievement in large schools. In addition, a large body of research in the affective and social realms overwhelmingly affirms the superiority of small schools. (Kathleen Cotten, ERIC Digest, December, 1996.)

Education professionals and experts agree that smaller class sizes, strong principals, and parental involvement are the keys to successful elementary schools. Though Frederic Elementary School has been denied of late a strong principal, we are proud of the quality of people who support our school, and grateful for small class sizes. We appreciate the overall success of people that are Frederic alumni.

Please honor the resolutions made by past school board members, and do not support those who would close Frederic Elementary School.

For our part, we will do what we can to ensure our children's potentials are not diminished. We pledge our time and efforts in a volunteer capacity to help keep Frederic Elementary School open.

The forums will be held from 10 a.m. to 4 p.m. on January 30 in Alpena and Escanaba, and on January 31 in Harrison and Battle Creek. Rural Partners of Michigan is sponsoring the forums with state and federal agencies presenting information on the economic development resources available to rural communities.

"These forums will include several of Michigan's major state and federal economic development agencies. It will provide a unique opportunity for local officials and economic development strategists to meet with all of these agencies in one place," said Tom Guthrie, chairman of Rural Partners.

The agencies participating in the forums include: the Michigan State Housing Authority, Development Department of Michigan Transportation, the Michigan Economic Development Corporation, Michigan State University Extension, U.S. Department of Agriculture Rural Development, and Michigan Integrated Food and Farming

The forums will also feature an expert on rural economic issues from the Federal Reserve Bank of Kansas City who will appear via live interactive video

The cost to attend one of the forums is \$10, which includes

Over 60 expected to race in Sno*Drift Pro Rally

Rally cars like the one shown here are scheduled to participate in the two-day Sno*Drift Pro Rally next Friday, January 24 starting in Lewiston. This is the first event in the SCCA's Pro Rally series of events.

"Real cars, on real roads, going real fast" -- that's a quick definition of a SCCA Pro Rally and there is one going to be held next weekend starting in Lewiston.

The Sno*Drift Pro Rally is the first event in a series scheduled from January through October in the states of Michigan, Maine, Oregon, California, Colorado, Pennsylvania, Minnesota and Washington.

The January 24-25 rally starts in downtown Lewiston on Friday. Cars will be on display from 2:30 p.m. to 3 p.m. Cars start leaving the starting line at 3:01 p.m. in one minute intervals; service crews remain behind. Sixty - 70 entries into the road rally are expected.

Drivers and co-drivers, driving modified production automobiles, will return to Lewiston for service twice after flat out racing on local limited access roads, blocked off from all other traffic.

The racers will restart Saturday morning in Atlanta at 8 a.m. and will return to Atlanta for service during the day. The

finish is in Hillman early Saturday evening.

"This is a race run in stages, for high performance, production-based cars with a drivernavigator team, over closed sections of public road, one car at a time, against the clock," described Sno*Drift Pro Rally Lewiston Liaison Kent Balogh. "They will run six stages on Friday, and 11 on Saturday.

Performance or Stage rallying (other names for Pro Rally) is the largest spectator motorsport in the world. Millions of people line the roads to watch it worldwide. Major car makers sponsor works teams to contest titles here and abroad in the World Rally Championship.

Designated spectator areas will be set up both days and viewing is free to the public. Teams from all over the U.S., Canada, New Zealand, and several European countries will be competing. "It will be exciting to watch," said Balogh.

The Bible Speaks

Reagan's Fight for God

As we saw last week, former President Ronald Reagan assumed a personal responsibility for fighting world communism because of his strong faith in God. Again we reference this review to quotes from Reagan's War, The Epic Story of His Forty-Year Struggle and Final Triumph Over Communism as writter by Peter Schweizer.

'First, Reagan did not seek this war. It was forced upon him because of his strong convictions. Schweizer titled the first chapter of his book, One-man Battalion out of respect for Reagan's rise to the battle. The Communist Party had targeted Hollywood since 1935. They had a vision of controlling this greatest inedium of communication. They took control of the Screenwriters Guild, the Screen Actors Guild (SAG). Schweizer quoted director Philip Dunne as saying, "All over town the industrious Communist tail wagged the lazy liberal dog." Ronald Reagan and other conservatives resigned from the organization.

Reagan learned the evil of Communism first hand as he was forced to cross their violent picket lines, hire guards to protect his family, and carry a .32 Smith & Wesson for defense. He was branded a "fraud", "opportunist," Communist stooge" and "Fascist" as he stood fearlessly against them. Gene Kelly nominated Reagan to serve as SAG president in an attempt

to oppose Communist control. Reagan took over the divided group. He also became a secret informant for the FBI to help fight Communism. Rather than having a secret agenda, Reagan pushed for the adoption of a resolution declaring no Communist Party member could be an officer of the Guild.

On September 25, 1947 Reagan was subpoenaed to appear before the Un-American Activities Committee of the U.S. Congress which was conducting hearings on communism in Hollywood. Quentin Reynolds of Collier, s wrote of Reagan's testimony, "Intelligent Ronald Reagan stole the show from his better known colleagues. Reagan, it was obvious, had done a great deal of thinking on the subject in question." (In contrast the liberals would try later to label him as a dummy?)

Reagan believed communism thrived only by secrecy, threats, and deceit. Reagan was impressed by the Crusade for Freedom formed in 1950 and supported by the CIA to promote Radio Free Europe. The American Liberty Bell was their symbol, and their slogan was "That this world under God shall have a new birth of freedom." Reagan believed communism was evil and should be confronted head-on. He believed force was the only law the communists understood. He said in 1963 that the communist nations would become "unhinged" if they tried to keep up

with U.S. military superiority. He rejected the ideas of containment, peaceful co-existence, détente, mutual accommodation, and other forms of compromise, believing they would eventually bring an ultimatum from the communists for our surrender. As Reagan said, "I think on our side is civilization and on the other side is the law of the jungle. We all have to recognize that this country has been handed the responsibility, greater than any nation in history, to preserve some 6,000 years of civilization against the barbarians." Now we face new barbarians! Pastor "B"

First stages of Geography Bee completed

Grayling Middle School Geography Bee top three finishers received certificates and cash prizes. Jacob Aubry finished in first, Ryan Cooper took second, and Brad McDonald earned the third place title.

In December, all Grayling Middle School students participated in the National Geography Bee in their social studies classes.

Students answered seven questions dealing with national and world geography. The student with the most correct answers in each class advanced to the semi-final round.

During the semi-final round, classroom winners competed to make it into the top 10.

On December 18, 2002, the final competition was held. Ten students were asked to answer such questions as, "Name the major city in Georgia that

he Prayer That Lasts A Lifetime

No, this does not mean that you will never have to remember to say your prayers again. Prayer should be something we desire to do often...just as we pick up the phone to call a friend. In fact, God is our best friend. The prayer we refer to herein is the "show me how to" prayer, as opposed to the "I want it and I need it now" prayer.

Harold Kushner observed... "People who pray for miracles usually

don't get miracles...but people who pray for courage, for strength to bear the unbearable, for the grace to remember what they have left instead of what they have lost, very often find their prayers answered. Their prayers helped them tap hidden reserves of faith and courage that were not available to them."

Of course, miracles do happen. Yet, amidst unspeakable affliction, Job patiently prayed, not for a miracle but, "Teach me and I will be silent; make me understand..."[Job 6:24]. God is ready to teach us if we will but listen for His answer. With weekly worship and daily prayer we will gain the courage and wisdom we need for a lifetime.

Band students chosen for MSU Honors Band

GHS Viking Band members traveled to East Lansing, January 3-5, after being chosen to participate in the Michigan State Honors Band. Participating were, from left, Jason Henning, Kip Franklin, Ken Heinlein, Todd Gaffke and Mallory Olson.

Five Grayling High School (GHS) Band students recently participated in the Michigan State Honors Band held on the Michigan State University (MSU) campus in East Lansing.

The group consisting of Todd Gaffke, Ken Heinlein, Jason Henning, Kip Franklin and Mallory Olson arrived at MSU Friday evening, January 3 and put in a full day's rehearsal on Saturday, held short rehearsals

on Sunday, and were ready for performances late Sunday afternoon, January 5.

To become part of the Honors Band, these students prepared with their GHS directors a taped audition which was mailed to MSU. Only 87 students throughout Michigan were selected from a pool of more than 175 musicians.

put in a full day's rehearsal on Saturday, held short rehearsals a selection of ensembles and an

all-band concert at the Wharton Center in East Lansing.

"They were all fantastic ambassadors for both the Grayling Viking Band and Grayling itself," said GHS Band Director David Gott. "There were many members of this (MSU) honors band that had never heard of Grayling before... I'm sure that our students left a positive impression of our community as a whole."

Kirtland Theatre to present 'Love Letters'

Dinner theatre production offered just in time for Valentine's Day

The Theatre Arts Department at Kirtland Community College has recently finished casting the dinner theatre production of "Love Letters" to be performed February 14-16.

This production is intended for a PG-13 audience and will be presented at the Northern Lights Lounge at the Quality Inn of Houghton Lake.

The play will be performed on Friday and Saturday, February 14 and 15, with cash bar cocktails at 6 p.m., dinner at 6:30 p.m. and the show at 7:30 p.m.

Tickets for the evening performances are \$25 per person or a Dinner/Show/Standard Room package for two at \$109.95.

Then on Sunday, February 16, there will be a luncheon performance at 12 noon, with the show

District faces tough choices

Continued from Page 1A

Reductions in staff will be accomplished primarily by attrition -- not replacing all who retire or resign.

Other options include closing the administration building, closing Frederic Elementary, changing/cutting transportation, cutting extracurriculars, cutting academic programs, and/or delaying equipment replacement.

Superintendent Milli Haug has already met with concerned citizens in Frederic to discuss the possible closing of Frederic Elementary for at least one year. At the January 6 meeting she said there were no easy cuts and, no matter what the board decided, it would be a painful procedure.

Several people at the meeting mentioned a resolution signed in 1991 by the school board for the purpose of setting criteria forkeeping the school open. The resolution, follows in its entirety (except for signatures):

Crawford AuSable School District Resolution August 19, 1991

Frederic Elementary School WHEREAS: Concern has been expressed within the Frederic Community regarding the fate of the Frederic Elementary School should the September 25 bond issue for an additional elementary school in Grayling pass and; WHEREAS: The district did close the Frederic Elementary School during a financial crisis for the 1981-82 school year and; WHEREAS: There is a belief within the Frederic Community that should the above mentioned reduction take place and enrollments decline, the district will close the Frederic Elementary to

save money and; WHEREAS: The small cost savings resulting from closing the Frederic Elementary would be offset by increases in busing costs and negative feelings with the Frederic Community and'

WHEREAS: Several improvements to the Frederic Elementary will be funded by the bond issue including a new roof over the older section, energy efficiency. improvements, open classroom enclosures, and playground and parking improvements and;

The Frederic WHEREAS: Elementary School is an important source of community identity and pride within that commu-

THEREFORE: Be it resolved that the Frederic Elementary School will remain open as long as the school age population in the Frederic Elementary attendance area continues to require at least one classroom per grade level and;

THEREFORE: Be it resolved that the Crawford AuSable School District Board of Education pledges continuation of excellent educational programming at the Frederic Elementary School.

Kids ask: What in the world should I do?

Students in the Phoenix Program at Grayling Middle School have spent the last six weeks learning about careers and job choices. Students took an "interest inventory," matching their hobbies and interests with jobs.

The students then researched careers and wrote essays on their fields of choice.

Part of the unit involved three job shadowing Fridays. Each of the ten students in the program were assigned a different job site to visit for the morning. Students returned to school to write thank-you cards and to write about their experiences.

"It's fun," said Keith Revord. "I learned a lot about jobs that I didn't know." Brandon Piehl added, "It was cool. You get to learn more about working at a place than you would just walking in there every day. You got to see what you would like or not like about a job."

The Phoenix students said they appreciate all the businesses and people who spent time with them and answered their many questions. Those who helped out included The Cuttage, Grayling Car Care, Grayling Hospital for Animals, WGRY Radio, Glen's Family Market, Milltown Groomers, Camp Grayling/ MATES, Grayling Restaurant, Grayling Auto Repair, Flo Lucksted at AuSable Primary School, Dawn Feldhauser at Grayling Elementary School, Rich Moffitt and Becky Brown at Grayling High School, AuSable Day Care, and Deputy Råndy Herman.

The students will continue to work on job skills as they write personal resumés, fill out job applications, practice interview skills, learn about budgeting an income, and taxes.

person's health caré team. A thorough podiatric examination can help diagnose several systematic conditions, including diabetes, arthritis, and high blood pressure (hypertension). Signs of circulatory problems, which often occur with hypertension, can show up as decreased temperatures in the extremities, lack of normal skin color, or weakened pulse in the feet. Swelling, burning and ulcers can also indicate elevated blood pressure. High blood pressure is a primary contributor to cardiovascular disease, so diagnosis and treatment are critical. Podiatrists always take a person's blood pressure during exams and will refer the patient to his or her primary care doctor in the event of any abnormalities. Patients should also inform their podiatrists if they have hypertension. People don't always realize how

Pet grooming business has new owner

by Susan Warrington Staff Writer

Darlene's Milltown Groomer, Inc. opened for business recently when Darlene Kopko purchased Milltown Groomer from Ward Parker. Parker wanted to sell the business to Kopko because of the love and empathy Kopko shows for animals. Kopko said she feels very lucky to work with pets and makes sure each animal is given a lot of tender loving care, in fact she says she likes to treat them like babies.

Kopko said it is best that the first grooming experience occurs when the pet is around 10 to 12 weeks old. Grooming should be done on a regular basis, every six to eight weeks depending on the length of the coat. Kopko offers bathing, brushing, nail cuts, flea

baths and a variety of cuts for the coat whether just a trim to shorten hair for the summer or show

Kopko currently has two groomers and plans to add a third in the spring. She also plans to have pet accessories available and to offer several specials to customers.

Darlene's Milltown Groomer's Inc. is located west of town at 6405 M-72 and is open Tuesday through Friday from 8:30 a.m. to 4:30 p.m. and on Saturday from 9 a.m. to 3 p.m.

Typically it takes two to four hours for grooming and several owners drop off their pets on the way to work or shopping and pick them up at the end of the day. For more information call 348-4104.

Harley is pretty laid back about being groomed by Chris DeHart, as Darlene Kopko and Gregory Davis watch.

Vanity plates can now be confirmed online

► Motorists can create personalized plates, find out if choice is available

Michigan Secretary of State Terri Lynn Land announced January 10 the Department of State's latest customer service, "Plate It Your Way," will allow motorists to check the availability of a personalized license plate at the department's web site: www.michigan.gov/sos.

"Vanity plates have grown in

popularity over the years, and hardly a day goes by that a customer isn't in a branch office ordering a personalized plate," Secretary Land said. "Too often, a customer is disappointed to find their first choice is taken, and then the burden is on them to come up with a second or third selection while they are standing at the counter.

"It's a process that can be frustrating for the customer and time consuming for the branch office staff. Now customers can spend time reviewing options on the Internet and get a preview of how

when it arrives in the mail."

The state's Chief Motor Vehicle Administrator explained the new online program allows customers to select the type of plate they want, such as the traditional blue and white plate, the Great Lakes Splendor plate, university fundraising license plate, or one of the seven fundraising plates that generate revenue for

Customers then enter the word,

Once a personalized plate is identified as available, fee information is provided, allowing customers to go to a Secretary of State branch office to place their order. Hospital offers 24-hour call center

Identifying the right point of service for your health condition is easier with Otsego Memorial Health Resource, a nurse call center program launched this month by Otsego Memorial Hospital.

"We are so pleased to be offering this 24-hour telephone nursing service for the first time," said Suzanne Cleere, RN, Vice President of Patient Care Services for Otsego Memorial Hospital.

"Injury or illness doesn't stop just because it's the evening or weekend and through this service we will be able to provide community members the professional guidance they need for the peace of mind they seek."

Otsego Memorial Hospital has engaged The Beryl Companies to provide outsourced telephone nurse triage services for the residents of Otsego, Montmorency and surrounding counties. Beryl is the nation's leading healthcare-exclusive customer interaction company.

This new service will enable

Otsego Memorial Hospital has answered the demands of its communities and recently launched a 24-hour call center to answer non-emergency questions.

patients to talk with experienced nurses, any time of day or hight, who will answer callers' questions using universally recognized protocols and state of the art guidelines covering hundreds

of symptoms. As appropriate, these specially trained nurses will also direct the caller to the most appropriate level of care in a time-sensitive and comforting

"If you're having chest pain, there's no question you need to get to the nearest Emergency Department," Cleere said. "But often the situation is not so clear. For those times when you are just not certain, the staff of experienced nurses at Otsego Memorial Health Resource will assist in directing the patient to the most appropriate point of care."

"Health Resource is the result of an initiative in our strategic plan to improve services for the entire service area," said Thomas R. Lemon, Chief Executive Officer at Otsego Memorial Hospital. "The community has indicated a desire for this service, and we're proud to be able to offer it along with our family of healthcare services provided by the Hospital, MedCare, Shared Care and McReynolds Hall."

Otsego Memorial Health Resource can be accessed 24 hours a day by dialing a toll-free number, 866-OMHHEALTH (or 866-664-4325).

There is no charge to callers for this service.

Basics of customer service, true stories included in new manual

Have you ever been a victim of poor customer service? If you were, then you won't have a hard time relating to the stories in Back to the Basics: Just Give Customers What They Want!, a collection of true stories and customer service manual by author and lawyer, Clare Evans Miller.

Every day, many people have to endure rudeness and incompetence in stores, salons, barber shops, private and public offices, restaurants, and repair shops -practically everywhere. Back to the Basics addresses this serious issue, and seeks to enlighten employers and employees by exposing the downside of poor

In her book, Miller compiles stories that exemplify many customer service "atrocities." Using this as a springboard, she then highlights the service-related problems that many employers face, and provides helpful tips in solving and preventing them.

Reading Back to the Basics will surely make the readers stop for a while and think: "Why do I have to endure this crap from these companies when, in fact, I'm the one who's paying them?" Insightful and informative, Back to the Basics serves as a wake up call for many business establishments that seem to have forgotten the value of customer service.

In an excerpt, Miller writes, "Poor quality is pervasive, irrespective of where the businesses are located and regardless of the race, ethnicity, or gender of those providing the service. The issue of poor quality service has to be

addressed, and someone has to initiate the discussion. Yes, Back to the Basics had to be written."

Author Clare Evans Miller has been involved in hundreds of business reorganizations, for the United States Department of Justice and the Office of the United States Trustee. As a business consultant, Miller has conducted training seminars for colleges and companies in the areas of customer service and career development.

She holds a Law Degree from Wayne State University School of Law, a Master of Arts from the University of Michigan, and a Bachelor of Science Degree from Western Michigan University. Currently, Miller is the General Counsel and Director of Evans, Miller & Associates, LLC, a firm engaged in training employees to provide good quality customer service. She resides with her husband and son in a small city near Detroit.

Back to the Basics: Just Give Customers What They Want! Is available through 1st Books Library at www.1stbooks.com.

\$500U **MINIMUM TRADE-IN GUARANTEE!**

OR \$2000 OVER KELLY BLUE BOOK!!

At Dean Arbour of West Branch FOUR BIG DAYS ONLY!

Thursday, January 16, 8am - 8pm • Friday, January 17, 8am - 6pm Saturday, January 18, 8am - 4pm • Monday, January 20, 8am - 8pm

'West Branch, MI - In recent history, FORD has offered incredible incentives to consumers during post 9/11 marketing blitz. The bold move on the part of FORD has spawned a huge incréase in new car and truck sales. The influx of fresh trades resulting from all the new car sales has flooded the used car lot at Dean Arbour Ford, making it necessary to continue with their innovative marketing approach of guaranteeing a minimum of \$5000 for trade or \$2000 over Blue Book

When asked owner Matt Arbour said, "We started offering a minimum of \$5000 or \$2000 over Blue Book for trades on pre-owned to balance FORD's robust financing programs for new vehicles. We have found that FORD's Incentive programs are still bringing an incredible amount of trades to our dealership. We will continue with our promise to give consumers \$5000 for any trade towards the purchase on one of our pre-owned vehicles."

Another feature available at Dean Arbour of West Branch is the great selection of Ford Certified Pre-Owned Vehicles with Market Based Pricing. These late model cars and trucks have been thoroughly examined and brought up to the strict parameters of Ford's 115 Step Inspection. Each of these vehicles automatically comes with a 6 year/75,000 mile limited warranty.

You can drive home with confidence knowing you can call 24 Hour Ford Roadside Assistance. "Best of all, this program is backed by the Ford Motor Company." said

Sales Director, Tim Slachta.

Slachta adds, "The Zero Percent Financing Program attracted new car buyers who were not necessarily ready to get into a new vehicle demanded by the age and mileage of their current vehicle. This has brought us many late model, low mileage trades in pristine condi-

Matt Arbour adds, "Now is the best time to buy a pre-owned vehicle. An unprecedented increase lease returns has flooded the nation's used car market. This has promoted lower prices on popular

"You can be sure we are passing those lower prices on to you!" added Tim Slachta.

Dean Arbour Ford is giving all of their customers a minimum guaranteed \$5000 allowance for any trade they can push, pull, tow or tug for \$2000 over Kelly Blue Book towards the purchase of any used car, truck, van, or sport utility vehicle. But hurry! It only lasts four big

Don't be skeptical. Matt Arbour assures you that this is one real deal.

"We have included every vehicle in our inventory. Recently I've heard other Dealer Guaranteed Trade Offers but they are limited to vehicles in their showroom or their select vehicles, telling me the offer is on unpopular models and hard-tosell vehicles. Every customer can be assured they will get the minimum \$5000 or \$2000 over Kelly Blue Book for their trade towards the

purchase of any used vehicle," "We've wanted to compete with 0% APR new car rate, so we worked with Ford Motor Credit and came up with a special low interest rate of

5.9% APR available to qualified buyers on Ford Certified Vehicles. This particular rate is unbelievable on pre-owned cars." said Matt

"Our credit specialists are trained with the most up-to-date methods to help customers with credit issues make the right choice when purchasing."

Every vehicle in Dean Arbour's huge inventory will be tagged with dramatic savings to make shopping hassle-free. "Bring all decision makers along with your payment book or title, so you can drive home immediately in your new-pre-

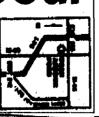

owned vehicle." "No matter what the condition of your vehicle, push it, pull it or have it towed onto our lot and we will guarantee a minimum \$5000 trade allowance. We can't combine this offer with any other advertised offer, and please, only one trade per

deal." said Arbour. This event starts Thursday, January 16th and continues through Monday, January 20th at Dean Arbour Ford located in downtown West Branch.

five companions. He was apparently then able to help pull them back onto the ice and out of about five feet of water. The five snowmobiles were to be recovered by a Houghton

Lake snowmobile dealer.

Then late Sunday night, just before 11 p.m., troopers were dispatched to the north shore of the lake where two snowmobilers were reported to have gone through the ice.

According to the State Police, three men were traveling north across Houghton Lake's frozen surface when they came unexpectedly upon thin ice and open water.

One of the snowmobilers was able to accelerate across the open water to safety and continued on shore to call 911. Rescue personnel from Lake, Lyon, and Roscommon Townships were first on the scene and began a search with tethered rescuers and aluminum boats.

Officers from the Houghton Lake Post in a hovercraft and officers from the Roscommon County Sheriff's Office using an cuts into the reaction time that a airboat were on Houghton Lake searching for the missing men within 30 minutes of the original call. One of the men's helmets was recovered near the East End of the open water area.

A U.S. Coast Guard helicopter was requested, but was unable to

respond due to severe winter weather conditions coming in over Lake Michigan. Unfortunately, the search had to be called off for the night around 1:30 a.m. Monday morning.

The Michigan State Police Dive Team and the Roscommon County Sheriff's Dive Team have been working as conditions permit to recover the two victims, brothers Jody and Dave Sperry, ages 27 and 24 respectively, of Houghton Lake.

As of press time late Tuesday afternoon, the State Police report rescue divers have only two to three feet of visibility, making the recovery of the two men extremely difficult. Sonar equipment is also being used to locate the victims.

Michigan State Police Sgt Kenneth Holmes said snowmobilers and others traveling over frozen lake surfaces, even on foot, need to be reminded of the inherently unpredictable condition of the state's frozen waters. "Firsthand knowledge of the area to be traveled and its condition is a must," Holmes advised.

Additionally, excessive speed snowmobile or ORV operator has to respond to those potential hazards, he explained. "And as always, alcohol and narcotics do not mix with any type of snowmobile or ORV operation."

CCC Museum hosts snowshoeing event

As the mercury plunges, it's all too easy to shut out the cold, grab a blanket, and snuggle into couch potato heaven. But then you would be missing the magnificent spectacle of nature in winter.

For those bold enough to bundle up and strap on snowshoes, adventure beckons: Hardy wintering birds rouse themselves from their roosts and call raucously to their companions. A hazy noontime sun reveals a coyote loping along a snowy hillside, searching among the brush for a mousy meal. And then there is the sacred magic of standing utterly alone in the world and watching as downy flakes start to fall.

Winter was made for outdoor fun: No crowds, no oppressive heat, or bugs. And there's no better way to experience wild winter firsthand than on snowshoes. New, high-tech, lightweight aluminum snowshoes can take you places where summer walkers never tread. While dense undergrowth may block footfalls in other seasons, deep fluffy drifts welcome explorers into private glades.

Snowshoes give almost total winter freedom. They allow trekkers to penetrate pristine wilderness, or for families to take short jaunts through meadows close to home.

They offer great aerobic condi-

tioning to anyone who wants to step up the pace, or they can provide the means for an easy meditative nature walk.

Still, the challenges of winter travel can often intimidate beginners. But now there's a unique local opportunity to join the experts and learn how to safely enjoy the wintry wilds without exceeding your comfort levels.

A Winter Trails Day event will be held at the CCC Museum, across from North Higgins Lake State Park near Roscommon on January 18 and it's the perfect opportunity to try out snowshoe-

"The day will include guided hikes through the tree plantation and snowshoeing activities, seminars and demos that will begin at 9 a.m. and conclude at 4 p.m.," said Ben Carr, a representative of event sponsors, Quiet Sports Outfitters and the Michigan Snowshoe Center.

"Winter Trails Day is the largest snowshoeing event of the winter here in Michigan. So, whether you bring your own snowshoes or come to try out the many demonstration models we will have on hand, we know people will find the day to be enjoyable and fulfilling."

This event is just one of 11 snowshoeing events organized by the American Hiking Society

(AHS) and Snowlink.com and open to the public as part of its 7th Annual Winter Trails Day

"People too often think of hiking as a summertime happening," said AHS President, Mary Margaret Sloan. "Winter Trails Day invites people outdoors at a time when they might not otherwise go, to experience snowshoeing, a sport that is growing more popular each year."

Even though snowshoeing is easy to learn, it can still seem intimidating to first-timers," said Sloan. "Winter Trails Day teams up beginners with experienced teachers who can help them make smart equipment choices and to learn basic techniques."

Winter Trails Day participants will quickly find that snowshoeing comes about as naturally as walking. In just a few short steps you'll understand why this is one of the fastest-growing winter sports.

Learn more about the Winter Trails Day event at the CCC Museum on Saturday, January 18 by calling Ben or Pam Carr tollfree at 1-866-275-0300, e-mailing

Cowboy Envy, in the tradition of the original singing cowboy, performs Western Music from the thirties and forties. Drawing upon the repertoires of such artists as Roy Rogers, Sons of the Pioneers, Gene Autry and others, each member of Cowboy Envy brings a variety of influence to the presentation of this music.

The members are Berne' Frenchy" Pollakoff on lead vocals, whip cracks and stampedes; DeDe "Too Short" Vogt on vocals, bass, harmonica, and mandolin; Kathleen "Buffalo K" Hatfield on vocals and guitar. They may be joined by "Ropin" Roger French on accordion.

"Their voices blend as beauti-

fully as the Andrews Sisters, but their sound is bolstered by a strong strumming guitar and bass, punctuated by a healthy dose of rollicking abandon and humor," Carton said. "Cowboy Envy combines quality musicianship with spirited tails of the West and unbridles that cowboy fascination that lives in all of us." One performance of Cowboy

Envy is scheduled for Saturday January 25 at the KCPA at 8 p.m. Tickets are priced at \$18 (A), \$16 (B), \$14 (C), family of five: \$35 (B) or \$32.50 (C).

Smorgasbord will benefit Meals-On-Wheels

The Crawford County Commission on Aging's (COA) Senior Center will host a Smorgasbord this Friday to benefit the local Meals-On-Wheels program.

Meals-On-Wheels is a homedelivered meal program staffed by volunteers. Recipients are seniors and other special needs adults in Crawford County who are unable to prepare meals for themselves. Each receives nutritious and balanced hot meals five days and frozen meals are offered for the weekend.

"Our goal is to help seniors continue to be able to live independently in their own homes with dignity and status," said COA Director Nova Anderson.

"With all the programs that are offered at the COA, we are hoping to prevent seniors from going into a nursing home," Anderson added. "Keeping seniors at home not only saves money for the seniors and their families, but

GHS ski teams win in league opener

Grandare County Ave more

► Girls, boys teams both defeat Roscommon and Saginaw Valley

In the first Central Alpine Ski League meet of the year - hosted by Roscommon at Treetops on Thursday, January 9 -Grayling High School's ski teams defeated Roscommon and Saginaw Valley Lutheran.

In the girls team competition, the Vikings scored a 31, Roscommon had 43, and Saginaw finished with 113. (Lowest score wins.)

The Vikings were led by Mallory Olson, who placed 1st in the slalom event and 3rd in the giant slalom (GS) for a total of four team points. Heather Vandecar took 1st in GS and 6th in slalom despite missing a gate and having to stop on her first run. Kassie McClain put four solid runs down the hill, placing 4th in slalom and 8th in GS.

Andria Alvarez and Jill Seager placed fourth on the team with 14 team points each. Alvarez was 12th in slalom after leading the first run. A fall in her second run cost her a top spot. She was 2nd in GS. Seager, a freshman, "may have been a bit nervous in her first varsity meet and fell in the first run of slalom, but then put three very good

72-36.

The GHS freshman boys basketball team improved its season record to 5-0 with a lopsided victory over the Panthers of Standish Sterling Central last Thursday in Grayling. The Vikings won by a final score of

GHS got off to a slow start. The Vikings edged Standish 12-11 in the first quarter, scoring 12 on a jumper by Zac Baker, a drive by Reagan Schmidt, a layup by Baker, a put-back by Schmidt, and a lay-up by Ryan Feldhauser.

The Vikings were plagued by turnovers in the first quarter and early in the second. A couple minutes into the second period, Grayling got its offense in gear and started creating turnovers on defense. The Vikings turned Standish turnovers into points, and ran their lead up to 39-21 by halftime.

Grayling's 27 points in the second quarter included a 7-0 run and a devastating 14-0 unanswered streak. Eli VanNuck had 12 points in the period, Schmidt had eight, Dean scored on a layup and a jumper, Baker had two points with a shot inside, and J.C. Schneider added one on a free throw.

on's health care team. A $^{\circ}$ thorpodiatric examination can diagnose several systematic conditions, including diabetes, inhilis, and high blood pressure hopertension). Signs of circulatory problems, which often occur with hypertension, can show up as decreased temperatures in the extremities, lack of normal skin color, or weakened pulse in the feet. Swelling, burning and ulcers an also indicate elevated blood pressure. High blood pressure is a ormary contributor to cardiovasular disease, so diagnosis and reatment are critical. Podiatrists always take a person's blood presure during exams and will refer the patient to his or her primary cage doctor in the event of any bnormalities. At GRAND TRAVERSE FOOT & ANKLE CENTER, P.C., we strongly recommend having foot problems attended to in their early stages to minimize the risk of them becoming serious as well as to keep a check on the rest of the body. We may not be able to prevent ease, but we can help deal with some of the problems that accompany it. Grayling posts victories at Gaylord and Pinconning

With two wins on the road last week, Grayling High School's junior varsity boys basketball team improved its season record

On Tuesday, the Vikings defeated the Blue Devils of Gaylord at Gaylord 66-62 in overtime.

Grayling led 26-17 at halftime and had a 43-31 advantage going

into the fourth quarter. The Blue Devils caught up in the fourth period, outscoring Grayling 23-11 to force OT.

"We came out the first half and played well," said Coach Butch Hayes. "In the fourth quarter, we lost our composure and poise – they upped the intensity. In overtime, we came out and scored the first eight points and did a good job finishing the game.'

Ryan Davis posted a doubledouble for Grayling with 27 points and 13 rebounds. He led the Vikings in both categories in the contest.

Josh Hinkle finished with 22

Vikings win at Pinconning to stay unbeaten in conference play

The GHS varsity boys basketball team improved its conference record to 4-0 with a 70-56 victory at Pinconning last Friday.

The Vikings are currently in sole possession of the top spot in the North East Michigan Conference. Bay City John Glenn, second in the league at 3-2, lost to Ogemaw on Friday.

At Pinconning, Grayling built up a 42-28 halftime advantage. The Vikings added three to their lead with an 18-15 third quarter, and held on for a 14-point win.

"We started off slow, putting ourselves in an 11-4 hole. Our team then went on a 23-4 run, which was started because we played with improved intensity," Coach Rich Moffit said. "We received a number of positive performances. Our kids are getting better each game. I was pleased with the way that we took care of the basketball down the stretch of this game."

"We have a number of huge games coming up and we have to continue to improve if we are going to be successful," Coach Moffit said.

Gibson Tobin was the leading for Grayling scorer Pinconning with 23 points. Travis Helsel added 17. Andy Strohpaul, Chad Helsel, Adam Kaiser, Joe Zelek, Greg Morrill, Joe Lange, and Roger Alvarez also had points for GHS in the

Roy Czapek was the team's leading rebounder with 8 boards. Strohpaul had 6 steals, Tobin finished with 5 assists, and Lange posted 4 blocks.

On Tuesday, the team lost a non-conference game at Gaylord 70-65 in overtime.

Grayling led 18-12 at the end of one quarter and had a 32-30

runs down the hill to place 8th in the slalom and 6th in the giant slalom," Coach Mike Wieland said.

Freshman Jessica Thomson finished 11th in slalom despite a first run fall and then helped the team with a 9th place GS finish that pushed Roscommon and Saginaw Valley back more team points.

"All the girls were in their first race of the year and had probslalom, in with Roscommon leading 17-19-61. The teams got real serious in giant slalom and the Lady Vikes didn't like second place," Coach Wieland said.

Vandecar's 1st, Alvarez's 2nd, and Olson's 3rd nearly swept the GS event. The Scott sisters from Roscommon placed 4th and 5th to prevent the Vikings from a perfect 10 score. Seager placed 6th to give the Vikings a total of 12 team points. McClain's 8th and Thomson's 9th helped push

Roscommon farther back for a 12-26 count in the GS race and helped score the 31-43 meet victory over the Bucks.

Grayling's boys team started out the GS competition showing no signs of missing the three seniors that led the team in 2002. Sophomores led the charge for GHS as Jim Jansen, Trevor Clough, Pat McInally, and John Handy placed 1st, 3rd, 4th, and 5th, respectively, to score 13 team points. Eric Hunter placed 6th and Adam Gilbert was 7th. The Vikings led at the halfway point 13-29-45.

"The boys shook off first meet jitters and their experience from last season took over as they all skied like veterans," Coach Wieland said. "We're a young team, one senior and six sophomores, but we're not rebuilding. We put this team together last year and they have had three years in the junior high program. they should do well if we ski to our abilities."

On Thursday, the Vikings wrestled against West Branch Ogemaw Heights and Standish Sterling Central at West Branch. Grayling defeated Standish 57-24 but lost to Ogemaw 58-20.

For Grayling, Wilson (145), Partello (152), Babbitt (160), and Pratt (171) all won both of their matches on Thursday. Woodman (125), Malone (130), Walker (135), Greg Warren (189), Rosecrans (215), and Brush (275) each had one win in the meet.

"We're working on getting more balance in our team," Coach Ferguson said. "We have two weight classes open that need to be filled."

On Thursday, January 16 the GHS wrestling team will face Oscoda and Pinconning at Pinconning. If the Vikings win both matches, they will move into a three-way tie for first place in the North East Michigan Conference with Pinconning and Ogemaw.

Freshman team wins in double OT

► Eli VanNuck scores 34 points in 64-59 victory over Pinconning

by Caleb Casev Staff Writer

Grayling High School's freshman boys basketball team defeated the Spartans of Pinconning 64-59 in double overtime last Monday in Grayling.

The match was close all through regulation. Grayling led by two with less than 10 seconds left in the fourth quarter, but Pinconning tied the contest at 46-46 with a pair of foul shots, forcing overtime. After a 6-6 stalemate in the first overtime period, Vikings outscored Pinconning 12-7 in the second OT to win the game.

Pinny edged Grayling 12-11 in the first quarter. The Vikings scored their 11 on a jump shot by Eli VanNuck, two three-pointers by Reagan Schmidt, a fast break lay-up by VanNuck, and a free throw by VanNuck.

A lay-up by Ryan Feldhauser following a steal gave GHS a 13-12 lead. Pinconning scored a basket inside to go back up by one. A 5-0 run by Grayling - on a jumper by Zac Baker; a lay-up by VanNuck, and a free throw by VanNuck - put the Vikings up 18-14. The Spartans scored the next two baskets, tying the game at 18-18.

A put-back by Baker - the last bucket of the second quarter gave Grayling a 20-18 edge at halftime.

Pinconning outscored GHS 19-12 in the third quarter to take a 37-32 lead into the fourth period. Grayling's 12 third quarter points were the result of four baskets by VanNuck, a jumper by Baker, and two free throws by Zach Dean.

A jump shot by VanNuck pulled Grayling within four, 38-34. Pinconning scored to go up by six. A basket by VanNuck cut the Spartan lead back to four. Two free throws by Pinconning gave the Spartans a six-point advantage, 42-36.

Pinconning hit one of three free throws after being fouled behind the three-point line. A jump shot by VanNuck pulled Grayling within three, 43-40. A basket by Schmidt cut Pinconning's lead to one with 2:19 left in regulation.

A shot inside by Dean on an assist from Baker gave Grayling a 44-43 edge with 1:30 remain-

Zach Dean puts up a shot from underneath the basket in last Monday's freshman boys basketball game against Pinconning at GHS.

At the 1:00 mark, Pinconning hit one of two free throws to tie the game at 44-44.

The Vikings got the ball in and killed time off the clock. With less than 10 seconds left, VanNuck drove in for a shot and was fouled. He hit both free throws, giving GHS a 46-44 lead with seven seconds left in the fourth quarter.

The Spartans drew a blocking foul, and sank both free throws, tying the game at 46-46.

Grayling had three seconds to work with. The Vikings got the ball in and got a shot off, but it didn't go in. The game headed into overtime.

Pinconning scored the first basket of overtime. A shot inside by Feldhauser on a pass from VanNuck tied the contest at 48-48. A drive by VanNuck put GHS up by two.

The Spartans tied the match

with a pair of free throws. The Vikings went up by two with a jump shot by Feldhauser. Two free throws by Pinconning tied the game at 52-52 with 38 second left in OT.

Pinconning forced a tie-up and the possession arrow favored the Spartans. The Vikings were called for a foul with nine seconds left on the clock. Pinconning missed both free throws, leaving the score tied.

The Vikings got the ball in and called time-out with six seconds left in overtime. Grayling got the ball in and fired a jumper, but it didn't go in. The game progressed into a second fourminute overtime period.

Grayling scored the first five points of double overtime. A free throw by Pinconning pulled the Spartans within four.

The Vikings started moving the ball around to take time off the clock and Pinconning had to foul. A free throw by Schmidt put Grayling up by five.

GHS got the ball back and scored two on a fast break lay-up by Feldhauser. Grayling led 60-53 with about a minute left in the

Pinconning tried a three-pointer, missed, and Schmidt came down with the rebound. The Spartans fouled VanNuck, who hit both free throws.

Pinny scored on a lay-up, then fouled to stop the clock. VanNuck again hit both shots from the free throw line. The points put Grayling up by nine, 64-55, with 21 seconds remain-

The Spartans scored on a putback after missing three free throws, then stole the ball and scored again just before the buzzer. Grayling held on for the 64-59 victory.

The win improved Grayling's season record to 4-0.

"Wow! A double overtime win to push the team to a 4-0 record. Eli VanNuck exploded with 34 points and was supported with great team defense. Reagan Schmidt and Ryan Feldhauser played outstanding defense, while Zach Dean and Zac Baker controlled the boards," Coach

Joe Mau said.

VanNuck finished the game with 34 points, 7 steals, and 4 rebounds. Schmidt had 11 points and 3 steals. Feldhauser scored 10 and had 6 boards. Dean, the team's leading rebounder in the contest with 9, scored 6 points and had 2 steals.

KIRTLAND BASKETBALL

Mens Team

WATERFORD TOWNSHIP -Sophomore guard Jake Milarch scored 16 points, grabbed six rebounds and dished out seven assists to lead Kirtland Community College to a 74-67 victory Wednesday night at Oakland Community College.

Terrance Coker added 15 points and Reuben Edwards had 10 for Kirtland, which evened its record at 1-1 in the Michigan Community College Athletic Association and improved to 6-7 overall.

ROSCOMMON - Center Alvaidas Gedminas had 17 points and 18 rebounds and forward Eugene Phillips added 17 points and 10 rebounds Saturday to help Kirtland to a 104-93 victory over Delta.

But it was sophomore guard Vaughan Gray, in his best-ever college game, who led the pace with 17 points, five rebounds and six assists.

Gray also made eight of 11 shots from the free-throw line, several of them down the stretch when the Firebirds pulled away in a game that was tightly con-

tested throughout. Kirtland is 2-1 in the conference and 7-7 overall.

Womens Team

ROSCOMMON - Mott's Lady Bears brought a six-women team to face a well-rested group from Kirtland feeling very good about itself after a strong finish in its holiday tournament.

Then the understaffed visitors put on a clinic against the Lady Firebirds, whose coach criticized his players for their futile individual efforts in a 79-50 rout Saturday in the conference open-

"Those six girls of their played as a team," Kirtland coach Jimmy Parker said. "We didn't. Our girls weren't in the game from the start. They were playing 'me' ball all day. They know bet-

Teona Blythe scored 18 points and hauled down 16 rebounds to power Mott. Jennifer Smith had 17 points and Tracy Johnson 16 for the Lady Bears, 8-5 overall and 1-0 in the Michigan Community College Athletic Association.

"It seemed like we just lost our intensity and I have no idea why after we had played so well before Christmas," Parker said. "We were so lethargic on defense and impatient on offense. Everybody tried to do things

individually instead of run our plays."

Becca Miller and Jeni Kemp each had 10 points for Kirtland, 5-8 and 0-1.

WATERFORD TOWNSHIP -Larissa Taylor scored 21 points to lead Oakland University to an 83-57 win Wednesday night over visiting Kirtland.

Becca Miller scored 15 points to lead Kirtland and Jeni Kemp came off the bench to score 10 points and grab seven rebounds for the Lady Firebirds, which fell to 0-2 in the Michigan Community College Athletic Association and 5-9 overall.

Oakland is 2-0 in the conference and 12-4 overall.

ROSCOMMON - A worrisome trend continues for Kirtland's Lady Firebirds, and after their fourth straight loss and fifth in six games the reason for the slump has become crystal clear to coach Jimmy Parker.

"I'm afraid we have some very selfish players who don't really care whether we win or lose as long as they get their stats," Parker said after a 71-59 loss Saturday to Delta after his team squandered a double-digit firsthalf lead. He didn't name names, but he knows who they are.

"Our biggest problem, again, was time management. We were ahead by nine points with five minutes to go in the first half, and we're rushing the ball down court and firing up threes. The girls just wouldn't take their time and run the offense. When they did, we created some nice, clean shots for ourselves."

Freshman forward Leah Dixon scored 15 points and grabbed eight rebounds and sophomore center Kristine Porter had 13 points, nine rebounds and made seven of eight from the freethrow line to lead Delta. The Lady Pioneers are 3-0 in the Michigan Community College Athletic Association and 5-7 overall.

Sophomore guard Becca Miller led Kirtland with 13 points, freshman forward Jeni Kemp had 13 points and nine rebounds and sophomore center Jillian Schultz scored 11 for Kirtland, 0-3 in the conference and 5-10 overall.

The Lady Firebirds built their big first-half lead with tenacious defense, forcing Delta to turn the ball over 13 times before the intermission.

"We played harder, and that was encouraging," Parker said.

8th grade 'green' team wins one, loses one

Grayling Middle School's 8th grade boys basketball (green) team bounced back from a loss Wednesday to Roscommon with a 38-30 victory over West Branch Surline on Thursday. Both games were played at GMS.

"The team came off a tough loss on Wednesday but played outstanding to defeat a very good team Thursday. Jim Boylan, Jesse Ginther, and Mike Boylan controlled the rebounding and scored well around the basket," Coach Gary Summers said. "Our guards played great, controlling the tempo and feeding the ball inside. A.J. Anter and Cory Metzer played great defense towards the end of the game. This was a total team win."

Ginther was the leading scorer for GMS with 12 points. J. Boylan had 8. Anter, M. Boylan, Jeff Bancroft, Scot Olson, and Metzer also had points for Grayling in the contest.

On Wednesday, the Vikings lost to Roscommon 51-21.

"We definitely weren't ready for the team speed and outside shooting Roscommon brought to the gym on Wednesday," Coach host Kalkaska on Monday, January 20 at 5 p.m.

Summers said. "We started real slow on both ends and never got any offense going. Hopefully we'll learn from our mistakes and keep looking for ways to improve. This team has great potential and I have confidence they will be playing pretty good by tournament

Against Roscommon, Justin Summers, M. Boylan, Metzer, Bancroft, Ginther, Anter, and J. Boylan all scored for GMS.

The response to our latest fund-raisers has been wonderful: Dog-Opoly, Cat-Opoly, Wild Animal-Opoly and Ocean-Opoly are big hits! We have only one of the Ocean-Opoly game, but a few of the others are still available. These games are fun while being educational and make great gifts, or to just chase away cabin fever. Cost is \$25 each and all proceeds go to help the animals in our care. Games are available for purchase at J.Dap Co. and at the Avalanche office. "Creature Comforts Cookbook" is still available for a donation of \$15. Stop by the Shelter, the Grayling Hospital for Animals, the Avalanche, Riverland Gear, The Medicine Shoppe, or Stevens Family Circle and get your copy. The support of this community has allowed for many upgrades at the shelter in 2002. Stay tuned for details!

District faces tough choices

▶ 1991 school board resolution may not prevent Frederic closure

by Susan Warrington Staff Writer

The Crawford AuSable School District's Board of Education needs to trim the district's budget by at least \$700,000 for the next school year. The reasons for the shortfall are twofold.

First, the economy is not growing so the per pupil basic grant, will remain at \$6,700, at best. Second, the number of students in the district has dropped by 209 since September 1996.

Additionally, the 2003-04 kindergarten class is considerably smaller than Grayling High School's graduating class of 2003, therefore student count is expected to drop by approximately 50 more students.

The school board is currently looking for ways to cut the budget that will have the smallest impact on student learning. Continued on Page 8A

Love of animals evident in artist's works

by Susan Warrington Staff Writer

Kim Diment has loved painting since she was a small girl. Her mother gave her paint and brushes when she was four and started her on her career as a wildlife artist.

She was also fortunate to have a teacher who took a special interest in her and helped foster her career.

Second grade teacher Peg Ridgeway was very interested in animals and helped spark the interest in Diment. She helped increase her love of art by having Diment make several bulletin boards dealing with animals for the classroom. Ridgeway also helped Diment set up her first art shows.

When Diment graduated from Oscoda High School, she went to Michigan State University where she majored in zoology

During the time Diment was an art teacher in both Standish and Alpena school districts, she had a chance to go to Africa and has since returned to the continent seven times. For most of these trips to Africa she worked at a safari camp and during the times between safaris she took many photos:

Diment specializes in painting animals in their natural habitat which is why she uses photos. She photographs the animals Continued on Page 12A

Snowmobilers find lake ice too weak, too late

► Recovery efforts continue to locate brothers missing since Sunday night

Five snowmobilers were rescued and two are missing and presumed dead as a result of two incidents over the weekend where the men traveling on Houghton Lake were unaware of thin ice and open water ahead of

A trooper from the Michigan State Police Post in Houghton Lake was dispatched to the northwest corner of the lake around 6:40 p.m. on Saturday, January 11 in response to a report of five snowmobilers having gone through the ice. Lake Township Fire Department was also dispatched to the scene to provide water rescue if neces-

Upon their arrival, they discovered all five men had been removed from the water. One man, Carl Bohm, age 23 of Midland, was taken to Mercy Hospital in Grayling and treated for a mild case of hypothermia.

Trooper Keith Toms was told that a group of six snowmobilers... had been traveling on the frozen Continued on Page 12A

Numbers in on Phase II of state traffic enforcement campaign

by Cheryll Ruley Staff Writer

Two drunk driving arrests were made by Crawford County Sheriff's Deputies during Phase II of a holiday traffic enforcement campaign, sponsored by the Office of Highway Safety Planning (OHSP).

The "You Drink & Drive. You Lose" drunk driving awareness campaign ran from December 20, 2002 to January 5, 2003. While all three law enforcement agencies serving Crawford County were on the look-out for impaired or drunk drivers this past holiday season, the Sheriff's Office submitted its activity to the OHSP.

Prior to the special enforcement period, a statewide advertising campaign on television, radio and in the press warned drivers of the stepped up effort to catch and prosecute those driving under the influence of alcohol.

Sheriff Kirk Wakefield said his deputies contributed 208 total patrol hours to the campaign with the goal of keeping local roads safer, from just before Christmas and into the week following New Year's Day.

A total of 112 vehicles were stopped.

Of those 112 stops, two drivers were arrested for drunk driving. Wakefield said it is difficult for his department to make a substantial amount of drunk driving

arrests as his road patrol ends at "This leaves the midnight. Grayling Police to patrol the city and an occasional (Michigan) State Trooper to patrol the rest of the county after midnight, when most drunk drivers leave the bars or parties and head for home," Wakefield explained.

Statistics for the two-week period were not available from the Grayling Police Department or Michigan State Police Houghton Lake Post.

Also as a result of the 112 stops, sheriff's officers issued one seat belt violation ticket (age 16 and over). Wakefield said he believes there was only one ticket written because awareness was raised during Phase I's "Click It or Ticket" seat belt law enforcement campaign. Speeding citations numbered 75, other moving violations totaled five, 30 non-moving violations were cited, and five felony and 17 misdemeanor arrests were

No "minor in possession" or MIP arrests were made during the campaign. Wakefield said he hopes this is a result of the recent effort to make the community more aware of the local underage drinking problem.

Even though the campaign is over, Wakefield said his office will continue to keep an eye out for drunk drivers and safety belt law violators in an effort to save lives in Crawford County.

Trout Unlimited honors those who protect our rivers

The Grayling City Council and three individuals were given awards for their contributions to help preserve and enhance rivers at a recent meeting of the Mason-Griffith Founders Chapter of Trout Unlimited.

The Grayling City Council received the Rainbow Trout award given to a group that has made extraordinary contributions to the health of local rivers. The council received their award for their endorsement and significant financial support of the city storm water and surface run-off treatment project. Vice President Jim Powers said, "We salute the vision of the Grayling City Council, knowing their cooperation will help protect the AuSable River for generations

Rusty Gates received the Brook Trout award presented to an area individual who has made extraordinary contributions to preserve the cold water fishery of the AuSable and Upper Manistee River watersheds. Gates activities include raising money for restoration projects, organizing September AuSable River cleanup, supporting the white cedar tree planting program along the AuSable and contributing to the Manistee River restoration projects.

area professionals who have made extraordinary contributions are Ken Rouston and Susan Thiel. They are both employees of the Michigan Department of Natural Resources who have worked tirelessly for effective management of northern Michigan's natural resources. Rouston, in addition to his normal duties of forest management served on the Upper Manistee River Access Committee. His contri-

bution to the access management plan involved field studies of all access sites, including GPS coordinates, descriptions and photographs. He also helped develop maps for the watershed from Mancelona Road to M-66.

Thiel is Unit Manager of the Forest Management Division. Rivers in her management area include the Manistee River in Crawford County and most of the AuSable River watershed to

Lake Huron. She helped coordinate improvements to the Rayburn parcel including engineering for ADA parking and toilet facilities. She is now working on a single track, nonmotorized pathway over the AuSable. She also served on the Upper Manistee River Access Committee helping with the coordination of the interactive database for all sites in the

"I, too, love the excitement of fishing on beautiful Lake Margrethe. I realize by getting all wrapped up in the excitement of fishing we can sometimes forget to be courteous to those that live near the lake year-round," Wakefield said. "But as you can see by this photo, recently submitted to my office, the parking problems are becoming abundant."

The Eagle Point Road resident presented photos and information at a meeting of the Grayling Township Board of Trustees on January 8. For at least two years, residents in the area have experienced occasional non-delivery of mail and newspapers due to vehicles blocking mailboxes and newspaper tubes. Driveways are also being blocked.

"When you block someone's mailbox, his or her mail does not get delivered that day," Sheriff Wakefield explained. "If this was your mailbox and you did not receive your retirement check because a visiting fisherman had blocked your mailbox in, you would be upset.

"And, if you decided to go to the store one morning and found it difficult to get out of your driveway or garage, which was blocked by other vehicles, you would be upset." Not knowing whose vehicle is blocking a driveway and their location on the lake, in some instances, has made it impossible for residents to leave their driveways.

But Wakefield said the concerns go beyond mail delivery and blocked driveways. It's a matter of public safety.

"In the winter time many people burn wood," Wakefield said. ""If a chimney or other fire" occurred down one of these streets, the fire department would be hindered by this traffic congestion." He said there would be no easy or quick way to get the owners back to shore and remove the vehicles to allow sufficient access by fire trucks and other emergency vehicles.

Noise has also been a complaint by local residents. "The fish begin biting early in the morning and this encourages fishermen to arrive and unload their three-wheelers and fourwheelers very early," the sheriff

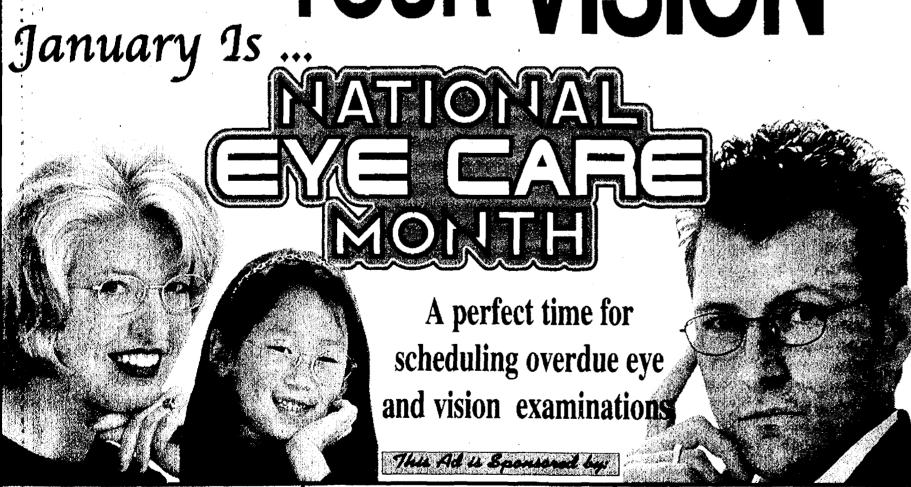

"The activity can wake up our slumbering friends and neighbors who live at the lake. So, with this in mind, along with many complaints called to my office, please use due care and caution and let's try to be more courteous to the folks that live near the lake year-round.

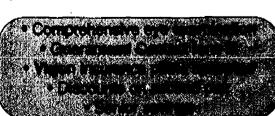

Grayling Township Supervisor Terry Wright said his Board of Trustees will hold a public hearing in May to address the many issues facing residents of Lake Margrethe. Besides the parking problems at various road ends and boat launches, Wright said the issues of burning leaves and boaters speeding near the shore will also be discussed in the andreas diverging 'spring.

"We really need to get people together here at the township hall and discuss some solutions to some longtime problems. The people who live at the lake are very important to us, but we have to also remember we serve a total of 7,000 residents who also have concerns and the right to use the public waterways. We would like to hear from all sides of the issues."

"We all have to work together to make this a better place to live," said Sheriff Wakefield.

Winter weather stresses already tight budget

by Cheryll Ruley Staff Writer

While the lack of 24-hour road patrol is a major concern for Crawford County Sheriff Kirk Wakefield, money allocated for overtime pay is of greater immediate concern.

"The budget I was given to work with was set up for failure from the start," he said. "We have already used more than 89 percent of my overtime pay budget and it's only January. I don't there's a major emergency or if winter weather accidents and other mishaps cause me to call in more manpower at crucial times."

In fiscal year 2001, the Sheriff's Office was budgeted \$10,000 in overtime pay, but In 2002, spent \$19,000. Wakefield and Lovely managed to stay very close to their \$10,000 budget. However, Wakefield started fiscal year 2003 with only \$5,000 earmarked for overtime. About \$500 remains unused as of press time.

Former Sheriff Dave Lovely was forced to make line item adjustments to cover the cost of overtime by spending less in other areas of operation such as on equipment purchases and maintenance, and firing range training. But Wakefield said his budget has been cut to the bare bones and has no idea where he can make cuts without lay-offs.

Recent snowfalls have not stopped drivers from pushing the limits on slippery local roads and highways, thus pushing the local road officers' time to its limits, and providing a good example of how unpredictable the job of law enforcement can be.

For instance, this past weekend, Sheriff's officers and local towing companies were kept busy from the time snow started falling early on Friday through late Saturday night.

up trucks, most with snowmobile

bound I-75 faster than deputies and tow truck drivers could possibly keep up.

"White-out" conditions were reported on the highway north of Grayling, while treacherous road surface conditions existed to the south.

At two different times Saturday morning, sheriff's officers Captain Art Clough and Deputy Conrad Niederhouse were forced to close down the highway or slow down traffic on northbound know what is going to happen if I-75 in order to clear the roadway of jack-knifed pick-ups, trailers and the snowmobiles they were hauling. At least eight snowmobiles were damaged in traffic mishaps that day. No injuries were reported.

> Over 30 calls regarding accidents and vehicles off the road were handled by 911 Central Dispatch and the Crawford County Sheriff's Office beginning at 8:38 a.m. on Friday, January 10 and ending around 9:30 p.m. Saturday night. Twenty-one of the mishaps took place in the northbound lanes of 1-75, as snowmobilers rushed to their destinations. Numerous tickets were issued to drivers who failed to drive properly for the road conditions.

> When drivers travel too fast for road conditions and end up in ditches and highway medians, Wakefield said law enforcement gets bogged down answering the calls for help. This leaves dispatchers to perform a balancing act, delegating other types of calls to whatever law enforcement officer may be available at the time. Many calls are deemed non-emergency and must wait until an officer becomes available, but all life-threatening emergency calls are handled in an expeditious

accident reports and take care of other paperwork so that drivers can file insurance claims and get their vehicles fixed. Reports can, take up a lot of valuable time, but they have to be completed."

To add to the Sheriff's woes, his patrol cars are quickly approaching the limited 100,000 odometer reading. By contract, sheriff's deputies do not have to partake in any high-speed pursuits in a vehicle driven more than 100,000 miles. They can, however, use them for normal patrol and routine calls, but no one can predict when a routine call will end in a chase with a dangerous sus-

Wakefield said even though today's cars are built to last a bit longer than before, his employees really prefer not to drive the cars with over 100,000 miles on them because of the extensive wear and tear caused by traveling the county's unpaved roads and two-tracks while performing their duties. Winter driving conditions add to the toll. "Some of my patrol cars can really get beat to hell out there and all of us are a little leery of driving them, especially on long distance transports," Wakefield said.

No new vehicles were purchased during the 2002 fiscal year and none are budgeted for 2003, leaving Sheriff Wakefield to face some trying personnel issues.

He told the Crawford County Board of Commissioners at their January 8 Law Enforcement Committee meeting he may be forced to put two deputies in each car and/or send deputies home if their contract can't be changed to allow an extra 20,000 miles on each vehicle, similar to agreements in neighboring counties. Wakefield said he is afraid none of these options will be good for

Governor John Engler will not be forgotten

BEAL CITY FARM boy John Engler at year's end finally has left Michigan's state capital after 32 years in office, but the memory will linger for many years.

Mr. Engler plotted his entry into Michigan government and politics while he still was a stuat Michigan State University. First step: The Michigan legislature.

So John Engler challenged a well-established Republican incumbent representative, Rep. Russell Strange of Mt. Pleasant, and won the GOP primary in 1970 at age 21. The rest is histo-

3 That initial venture into elective politics in 1970 displayed dertain traits which Mr. Engler föllowed throughout his career -careful advance planning, unafraid to tackle the status quo, and work hard to accomplish

Once in office, including governor, he operated the same way -- planning, boldness and hard work.

Mr. Engler was not a do-nothing governor. Quite the contrary, he accomplished a lot, and failed at very few initiatives.

He leaves behind on the Michigan political scene a host of friends and a host of enemies, and not many people in between.

HIS RECORD AS governor emphasized educational spending reforms and improved classroom performance.

John Engler has been a national leader in welfare reform, reduced a lot of taxes -- and raised some, too -- and experimented time and again in reorganizing state government agencies and activities.

He's proud of his steps to improve the economic climate in Michigan, and boasts of job creation and lower unemployment lists.

In all these areas, there is plenty of truth. However, there's a "Yeah, but ..." codicil on many...

How one views John Engler and his record in state government generally is guided by how his programs and his actions have directly affected the person making the judgement.

The philosophical orientation of his supporters and detractors usually makes a difference, too.

For example, James Barrett, president of the Michigan Chamber of Commerce, praises John Engler for encouraging jobs and investment in Michigan, while Mark Gaffney, president of the Michigan AFL-CIO, blames him for higher taxes and tougher

benefit rules for workers...

SOME OPINIONS seem uniform. He was tough, resourceful, effective.

"Principled, partisan, pragmatic and polarizing, Engler never stopped trying to change things...it's not likely Michigan will ever again see the likes of John Engler," editorialized The Detroit Free Press.

"There's nobody that's been like him. Engler was just a force of nature when it came to asserting his will and his patience," said Bill Ballenger, editor of Inside Michigan Politics.

"He was a pragmatist, but his pragmatism was always in service to a broader vision," wrote Thomas Bray, Detroit News columnist.

What do I think of John Engler and his record? I'm one of the

few who has followed his career who's in the middle on John Engler. I consider myself neither a friend nor a foe.

John Engler probably will get more credit for the good things his administration accomplished, and too much blame for anything

He was an astute politician, and thoroughly Republican. From the time he became Senate majority leader in the early 1980's right through the day he left the capital, he worked to mold and control the Michigan Republican party. Of course, changes in political philosophy were following a national trend toward conservatism during those years.

His effect on Michigan's economy was distinct, but the entire nation enjoyed booming economic times during the 1990's. Michigan rode that tide, too. Mr. Engler does not deserve all the credit.

Just so, the deficits and slashed spending Mr. Engler leaves behind for the new governor also are reflected in other states. Mr. Engler's not completely at fault.

John Engler's Michigan legacy has yet to be decided.

History is like that. It should only be written long after the fact, by people who were not involved personally but who can stand back and view what happened in a detached way.

One thing is for certain: We will not soon forget Governor John Engler and the things he did for -- and to -- Michigan and its people.

INTOR

Frederic handed seven 'breaches of faith'

Crawford County,

Here we go again! "Frederic Elementary to be Closed." Let me explain why this should never

Let's go back to the years of 1964 to 1966. Because Grayling school officials courted citizens of Frederic proposing that the high school systems be consolidated. Frederic had a small enrollment in high school and also had a large tax base, which consisted of the townships of Frederic, Maple Forest and Lovells, as well as Waters in Otségo County. Frederic School had no bond debt.

Grayling had a large high school enrollment, a large bond debt, and not enough capital to run the new high school which was going to be built.

At this time, though Frederic had no bond debt, monies banked, and plenty of monies for operating kindergarten through twelfth grades, citizens were aware that general math, algebra, geometry and trigonometry were taught in consecutive years, not yearly. A freshman might come in the second year or third year of the sequence and have to wait two years to get general math. The same was true for the science

For this reason I supported the consolidation of our high schools. Because of subsequent events, I regret that I did.

The agreement to consolidate was as follows:

Frederic School would retain their K through eighth grades and

The high schools would consolidate in the 1966-67 school year, as Crawford-AuSable School. One school board would oversee the schools.

Frederic would assume the School was in financial trouble, abond for the high school in four School District office (White sidered for at least two years, years. (Monies transferred to Crawford-AuSable School District from the consolidation and transfer would allow this.)

• The first breach of faith with this agreement seemed apparent when Grayling dominated the sign at the Crawford AuSable High School. Frederic students wondered, wasn't this supposed to be their high school too?

• Second breach of faith - the bond was assessed to our late school district in two years instead of four years.

• Third breach of faith monies for maintenance of our old high school, which now housed our junior high was reduced until the historic building was not safe and was demolished.

 Fourth breach of faith -Frederic seventh and eighth graders were forced to move to the Grayling junior high, which was not in the consolidation agreement.

Fifth breach of faith -AuSable Crawford needed monies to operate. The millage was turned down by voters, so the school board closed Frederic Elementary School for the entire 1981-82 school year. Parents of pupils in Frederic Elementary, as well as other residents who remembered our agreement,

· Sixth breach of faith -Frederic sixth and seventh graders were transferred to Grayling Middle School which was not in the consolidation agreement.

Our Superintendent of Schools does not recognize any of the agreements or resolutions. Though the consolidation agreements and resolution were explained to her in two Michigan newspapers, she is still proposing that Frederic Elementary School be closed.

Like the Constitution of the United States, the consolidation agreement between citizens of Frederic and Grayling is a series of resolutions. Resolutions in the Constitution of the United States have been upheld by the highest court in the land. Because to lose your community school is to lose your community's identity, I ask for support of all citizens in the Crawford AuSable School District. Please urge our School Board members to honor agreements and resolutions created (and accepted by) their predecessors in good faith. To do so is morally and legally correct.

Frederic contributes plenty of taxes to keep school open

To the editor,

I would like to inform everyone that I have found some misleading information that was given out at the January 6, 2003 meeting held at the Frederic Elementary School.

We were told since Proposal A passed that the school district only collects money from the voters for the school debt and that was all. That is about halfcorrect.

In the tax year 2001 Frederic Township (only) collected \$185,682.47 for the school debt. Crawford AuSable Schools also received an additional \$397,584.96 that went directly to the school for non-homestead

This year, to date, Frederic

Township has collected for the school debt \$202,560.44 up through January 8, 2003. The school also received to date \$435,691.41 for non-homestead tax. Where is this non-homestead being spent? That is \$638,251.85 from Frederic Township land owners and this year's tax season is not over yet.

These figures are from Frederic Township. What is being collected from Grayling Township, the City of Grayling, Maple Forest Township, Lovells Township, South Branch Township, and Beaver Creek Township?

This money is in addition to the \$6,700 the school district receives per student from the state. The federal government

also allocates monies for all school districts.

All the information I have included in this letter was received by the Freedom of Information Act, collected from the Frederic Township Treasurer. Anyone wishing to have this information, please contact your local township treasurer.

Money could be saved by eliminating or combining some of the positions like a curriculum director, food director, a full time athletic director, an assistant band director (why?). These are just a couple of cuts that could be made.

Why do the AuSable Primary and the Grayling Elementary need two separate principals and two separate office staffs? Could one principal and one office staff handle the work?

There are so many cuts that could be made instead of closing the Frederic Elementary School. Each school could cut \$140,000 out of its budget by either combining jobs and duties or laying some people off. They (school board) could cut even more money out of the budget if they close the "White House" and move the "White House" staff to the Grayling Elementary School where they have open rooms. This would save the heating cost of the "White House." Since the school is already being heated for school, there would be no additional cost to heat.

Current class sizes at Frederic no justification

To the editor,

As citizens of Crawford County and residents of Frederic, we are distressed about the proposal to close Frederic Elementary School.

When the school district was consolidated in the 60s, it was with the agreement Frederic would always have its own elementary school. There is no way a consolidation issue would have ever passed in Frederic without our elementary school.

The 1991 School Board passed and signed a resolution promising Frederic Elementary School would remain open after consolidation of the Crawford County schools. However, on January 6, 2003 the current superintendent, Ms. Haug, asserted she is justified in closing the school, stating,

"Frederic Elementary School will remain open as long as the school population in the... attendance area continues to require at least one classroom per grade level."

Ms. Haug contends there are not enough children at Frederic to constitute one class per grade level. No one has determined how many children are required before a group of students can be called a class. In fact, many educators believe "one on one" is a perfect learning situation.

shows student achievement in small schools is often superior to achievement in large schools. In addition, a large body of research in the affective and social realms overwhelmingly affirms the superiority of small schools. (Kathleen Cotten, ERIC Digest, December, 1996.)

The choices made mirror our image of the society into which children are thrust. What message do students receive when their own community school is no Current class size is not justifi- longer considered valuable? intertwined. (Jim Cummins, educator and author.)

Education professionals and experts agree that smaller class sizes, strong principals, and parental involvement are the keys to successful elementary schools. Though Frederic Elementary School has been denied of late a strong principal, we are proud of the quality of people who support our school, and grateful for small class sizes. We appreciate the overall success of people that are Frederic alumni.

Please honor the resolutions made by past school board members, and do not support those who would close Frederic Elementary School.

For our part, we will do what we can to ensure our children's potentials are not diminished. We pledge our time and efforts in a volunteer capacity to help keep Frederic Elementary School open.

Three Men and a Tenor to perform

The a cappella quartet, Three Men and a Tenor, will perform on Tuesday, January 21 (please note date change) in the Evergreen Room of the Grayling Holiday Inn, as part of the Crawford AuSable Community Cultural Events Program. Three Men and a Tenor offer a family-oriented program with a great mix of harmony and humor, featuring songs from the 1930s through the 1990s. There is something for people of all ages. This is the second event in the Command Performance Series and includes a dinner of either stuffed chicken or prime rib, plus mashed potatoes, vegetable, salad, rolls, dessert and a non-alcoholic beverage. Doors open at 6 p.m. and dinner will be served at 6:30 p.m. Tickets are \$27.50 each (including tax and tip) and can be purchased at the Crawford AuSable Schools' Administrative Office, 403 Michigan Avenue in Grayling. For more information, call 348-7146. This event is funded in part by a grant from the Michigan Council for the Arts and Cultural Affairs, and by a partnership with local businesses and individuals.

Rural economic development forums planned this month

State and federal agencies in Michigan have planned four regional economic development forums directed at rural commu-

The forums will be held from 10 a.m. to 4 p.m. on January 30 in Alpena and Escanaba, and on January 31 in Harrison and Battle Creek. Rural Partners of Michigan is sponsoring the forums with state and federal agencies presenting information on the economic development resources available to rural communities.

"These forums will include several of Michigan's major state and federal economic development agencies. It will provide a unique opportunity for local officials and economic development strategists to meet with all of these agencies in one place," said Tom Guthrie, chairman of Rural Partners.

The agencies participating in the forums include: the Michigan State Housing Authority, Development Department of Michigan Transportation, the Michigan Economic Development Corporation, Michigan State University Extension, U.S. Department of Agriculture Rural Development, and Michigan Integrated Food and Farming

The forums will also feature an expert on rural economic issues from the Federal Reserve Bank of Kansas City who will appear via live interactive video

The cost to attend one of the forums is \$10, which includes

Over 60 expected to race in Sno*Drift Pro Rally

Rally cars like the one shown here are scheduled to participate in the two-day Sno*Drift Pro Rally next Friday, January 24 starting in Lewiston. This is the first event in the SCCA's Pro Rally series of events.

"Real cars, on real roads, going real fast" -- that's a quick definition of a SCCA Pro Rally and there is one going to be held next weekend starting in Lewiston.

The Sno*Drift Pro Rally is the first event in a series scheduled from January through October in the states of Michigan, Maine, Oregon, California, Colorado, Pennsylvania, Minnesota and Washington.

The January 24-25 rally starts in downtown Lewiston on Friday. Cars will be on display from 2:30 p.m. to 3 p.m. Cars start leaving the starting line at 3:01 p.m. in one minute intervals; service crews remain behind. Sixty - 70 entries into the road rally are expected.

Drivers and co-drivers, driving modified production automobiles, will return to Lewiston for service twice after flat out racing on local limited access roads, blocked off from all other traffic.

The racers will restart Saturday morning in Atlanta at 8 a.m. and will return to Atlanta for service during the day. The

finish is in Hillman early Saturday evening.

"This is a race run in stages, for high performance, production-based cars with a drivernavigator team, over closed sections of public road, one car at a time, against the clock," described Sno*Drift Pro Rally Lewiston Liaison Kent Balogh. "They will run six stages on Friday, and 11 on Saturday.

Performance or Stage rallying (other names for Pro Rally) is the largest spectator motorsport in the world. Millions of people line the roads to watch it worldwide. Major car makers sponsor works teams to contest titles here and abroad in the World Rally Championship.

Designated spectator areas will be set up both days and viewing is free to the public. Teams from all over the U.S., Canada, New Zealand, and several European countries will be competing. "It will be exciting to watch," said Balogh.

The Bible Speaks

Reagan's Fight for God

As we saw last week, former President Ronald Reagan assumed a personal responsibility for fighting world communism because of his strong faith in God. Again we reference this review to quotes from Reagan's War, The Epic Story of His Forty-Year Struggle and Final Triumph Over Communism as writter by Peter Schweizer.

'First, Reagan did not seek this war. It was forced upon him because of his strong convictions. Schweizer titled the first chapter of his book, One-man Battalion out of respect for Reagan's rise to the battle. The Communist Party had targeted Hollywood since 1935. They had a vision of controlling this greatest inedium of communication. They took control of the Screenwriters Guild, the Screen Actors Guild (SAG). Schweizer quoted director Philip Dunne as saying, "All over town the industrious Communist tail wagged the lazy liberal dog." Ronald Reagan and other conservatives resigned from the organization.

Reagan learned the evil of Communism first hand as he was forced to cross their violent picket lines, hire guards to protect his family, and carry a .32 Smith & Wesson for defense. He was branded a "fraud", "opportunist," Communist stooge" and "Fascist" as he stood fearlessly against them. Gene Kelly nominated Reagan to serve as SAG president in an attempt

to oppose Communist control. Reagan took over the divided group. He also became a secret informant for the FBI to help fight Communism. Rather than having a secret agenda, Reagan pushed for the adoption of a resolution declaring no Communist Party member could be an officer of the Guild.

On September 25, 1947 Reagan was subpoenaed to appear before the Un-American Activities Committee of the U.S. Congress which was conducting hearings on communism in Hollywood. Quentin Reynolds of Collier, s wrote of Reagan's testimony, "Intelligent Ronald Reagan stole the show from his better known colleagues. Reagan, it was obvious, had done a great deal of thinking on the subject in question." (In contrast the liberals would try later to label him as a dummy?)

Reagan believed communism thrived only by secrecy, threats, and deceit. Reagan was impressed by the Crusade for Freedom formed in 1950 and supported by the CIA to promote Radio Free Europe. The American Liberty Bell was their symbol, and their slogan was "That this world under God shall have a new birth of freedom." Reagan believed communism was evil and should be confronted head-on. He believed force was the only law the communists understood. He said in 1963 that the communist nations would become "unhinged" if they tried to keep up

with U.S. military superiority. He rejected the ideas of containment, peaceful co-existence, détente, mutual accommodation, and other forms of compromise, believing they would eventually bring an ultimatum from the communists for our surrender. As Reagan said, "I think on our side is civilization and on the other side is the law of the jungle. We all have to recognize that this country has been handed the responsibility, greater than any nation in history, to preserve some 6,000 years of civilization against the barbarians." Now we face new barbarians! Pastor "B"

First stages of Geography Bee completed

Grayling Middle School Geography Bee top three finishers received certificates and cash prizes. Jacob Aubry finished in first, Ryan Cooper took second, and Brad McDonald earned the third place title.

In December, all Grayling Middle School students participated in the National Geography Bee in their social studies classes.

Students answered seven questions dealing with national and world geography. The student with the most correct answers in each class advanced to the semi-final round.

During the semi-final round, classroom winners competed to make it into the top 10.

On December 18, 2002, the final competition was held. Ten students were asked to answer such questions as, "Name the major city in Georgia that

The third place finisher and winner of \$10 was Brad McDonald; second place and winner of \$15 was Ryan Cooper; and the 2002 Grayling Middle School Geography Bee Champion was Jacob

Aubry will take a written test in January which, once sent in, will determine his eligibility for advancement to the state round of competition.

Prayer That Lasts A Lifetime

No, this does not mean that you will never have to remember to say your prayers again. Prayer should be something we desire to do often...just as we pick up the phone to call a friend. In fact, God is our best friend. The prayer we refer to herein is the "show me how to" prayer, as opposed to the "I want it and I need it now" prayer.

Harold Kushner observed... "People who pray for miracles usually

don't get miracles...but people who pray for courage, for strength to bear the unbearable, for the grace to remember what they have left instead of what they have lost, very often find their prayers answered. Their prayers helped them tap hidden reserves of faith and courage that were not available to them."

Of course, miracles do happen. Yet, amidst unspeakable affliction, Job patiently prayed, not for a miracle but, "Teach me and I will be silent; make me understand..."[Job 6:24]. God is ready to teach us if we will but listen for His answer. With weekly worship and daily prayer we will gain the courage and wisdom we need for a lifetime.

GHS Viking Band members traveled to East Lansing, January 3-5, after being chosen to participate in the Michigan State Honors Band. Participating were, from left, Jason Henning, Kip Franklin, Ken Heinlein, Todd Gaffke and Mallory Olson.

Five Grayling High School (GHS) Band students recently participated in the Michigan State Honors Band held on the Michigan State University (MSU) campus in East Lansing.

The group consisting of Todd Gaffke, Ken Heinlein, Jason Henning, Kip Franklin and Mallory Olson arrived at MSU Friday evening, January 3 and put in a full day's rehearsal on Saturday, held short rehearsals

on Sunday, and were ready for performances late Sunday afternoon, January 5.

To become part of the Honors Band, these students prepared with their GHS directors a taped audition which was mailed to MSU. Only 87 students throughout Michigan were selected from a pool of more than 175 musicians.

put in a full day's rehearsal on Saturday, held short rehearsals a selection of ensembles and an

all-band concert at the Wharton Center in East Lansing.

"They were all fantastic ambassadors for both the Grayling Viking Band and Grayling itself," said GHS Band Director David Gott. "There were many members of this (MSU) honors band that had never heard of Grayling before... I'm sure that our students left a positive impression of our community as a whole."

District faces tough choices

Continued from Page 1A

Reductions in staff will be accomplished primarily by attrition -- not replacing all who retire or resign.

Other options include closing the administration building, closing Frederic Elementary, changing/cutting transportation, cutting extracurriculars, cutting academic programs, and/or delaying equipment replacement.

Superintendent Milli Haug has already met with concerned citizens in Frederic to discuss the possible closing of Frederic Elementary for at least one year. At the January 6 meeting she said there were no easy cuts and, no matter what the board decided, it would be a painful procedure.

Several people at the meeting mentioned a resolution signed in 1991 by the school board for the purpose of setting criteria forkeeping the school open. The resolution, follows in its entirety (except for signatures):

Crawford AuSable School District Resolution August 19, 1991

Frederic Elementary School WHEREAS: Concern has been expressed within the Frederic Community regarding the fate of the Frederic Elementary School should the September 25 bond issue for an additional elementary school in Grayling pass and; WHEREAS: The district did close the Frederic Elementary School during a financial crisis for the 1981-82 school year and; WHEREAS: There is a belief within the Frederic Community that should the above mentioned reduction take place and enrollments decline, the district will close the Frederic Elementary to save money and;

WHEREAS: The small cost savings resulting from closing the Frederic Elementary would be offset by increases in busing costs and negative feelings with the Frederic Community and'

WHEREAS: Several improvements to the Frederic Elementary will be funded by the bond issue including a new roof over the older section, energy efficiency. improvements, open classroom enclosures, and playground and parking improvements and;

The Frederic WHEREAS: Elementary School is an important source of community identity and pride within that commu-

THEREFORE: Be it resolved that the Frederic Elementary School will remain open as long as the school age population in the Frederic Elementary attendance area continues to require at least one classroom per grade level and;

THEREFORE: Be it resolved that the Crawford AuSable School District Board of Education pledges continuation of excellent educational programming at the Frederic Elementary School.

Kids ask: What in the world should I do?

Students in the Phoenix Program at Grayling Middle School have spent the last six weeks learning about careers and job choices. Students took an "interest inventory," matching their hobbies and interests with jobs.

The students then researched careers and wrote essays on their fields of choice.

Part of the unit involved three job shadowing Fridays. Each of the ten students in the program were assigned a different job site to visit for the morning. Students returned to school to write thank-you cards and to write about their experiences.

"It's fun," said Keith Revord. "I learned a lot about jobs that I didn't know." Brandon Piehl added, "It was cool. You get to learn more about working at a place than you would just walking in there every day. You got to see what you would like or not like about a job."

The Phoenix students said they appreciate all the businesses and people who spent time with them and answered their many questions. Those who helped out included The Cuttage, Grayling Car Care, Grayling Hospital for Animals, WGRY Radio, Glen's Family Market, Milltown Groomers, Camp Grayling/ MATES, Grayling Restaurant, Grayling Auto Repair, Flo Lucksted at AuSable Primary School, Dawn Feldhauser at Grayling Elementary School, Rich Moffitt and Becky Brown at Grayling High School, AuSable Day Care, and Deputy Råndy Herman.

The students will continue to work on job skills as they write personal resumés, fill out job applications, practice interview skills, learn about budgeting an income, and taxes.

Another Phoenix student got a taste of the world of radio broadcasting with a trip to local station WGRY.

person's health caré team. A thorough podiatric examination can help diagnose several systematic conditions, including diabetes, arthritis, and high blood pressure (hypertension). Signs of circulatory problems, which often occur with hypertension, can show up as decreased temperatures in the extremities, lack of normal skin color, or weakened pulse in the feet. Swelling, burning and ulcers can also indicate elevated blood pressure. High blood pressure is a primary contributor to cardiovascular disease, so diagnosis and treatment are critical. Podiatrists always take a person's blood pressure during exams and will refer the patient to his or her primary care doctor in the event of any abnormalities. Patients should also

inform their podiatrists if they have hypertension. People don't always realize how

Pet grooming business has new owner

by Susan Warrington Staff Writer

Darlene's Milltown Groomer, Inc. opened for business recently when Darlene Kopko purchased Milltown Groomer from Ward Parker. Parker wanted to sell the business to Kopko because of the love and empathy Kopko shows for animals. Kopko said she feels very lucky to work with pets and makes sure each animal is given a lot of tender loving care, in fact she says she likes to treat them like babies.

Kopko said it is best that the first grooming experience occurs when the pet is around 10 to 12 weeks old. Grooming should be done on a regular basis, every six to eight weeks depending on the length of the coat. Kopko offers bathing, brushing, nail cuts, flea

baths and a variety of cuts for the coat whether just a trim to shorten hair for the summer or show

Kopko currently has two groomers and plans to add a third in the spring. She also plans to have pet accessories available and to offer several specials to customers.

Darlene's Milltown Groomer's Inc. is located west of town at 6405 M-72 and is open Tuesday through Friday from 8:30 a.m. to 4:30 p.m. and on Saturday from 9 a.m. to 3 p.m.

Typically it takes two to four hours for grooming and several owners drop off their pets on the way to work or shopping and pick them up at the end of the day. For more information call 348-4104.

Harley is pretty laid back about being groomed by Chris DeHart, as Darlene Kopko and Gregory Davis watch.

Vanity plates can now be confirmed online

► Motorists can create personalized plates, find out if choice is available

Michigan Secretary of State Terri Lynn Land announced January 10 the Department of State's latest customer service, "Plate It Your Way," will allow motorists to check the availability of a personalized license plate at the department's web site: www.michigan.gov/sos.

"Vanity plates have grown in

popularity over the years, and hardly a day goes by that a customer isn't in a branch office ordering a personalized plate," Secretary Land said. "Too often, a customer is disappointed to find their first choice is taken, and then the burden is on them to come up with a second or third selection while they are standing at the counter.

"It's a process that can be frustrating for the customer and time consuming for the branch office staff. Now customers can spend time reviewing options on the Internet and get a preview of how

the personalized plate will look when it arrives in the mail."

The state's Chief Motor Vehicle Administrator explained the new online program allows customers to select the type of plate they want, such as the traditional blue and white plate, the Great Lakes Splendor plate, university fundraising license plate, or one of the seven fundraising plates that generate revenue for special causes.

Customers then enter the word, phrase, letters or numbers to appear on the plate they have selected. If the configuration is not available, they will be directed to try another one.

Once a personalized plate is identified as available, fee information is provided, allowing customers to go to a Secretary of State branch office to place their order. While the program does not allow plates to be ordered or reserved online, it makes it easy for customers to preview a variety of options when choosing a

The personalized license plate program is the latest customer service option offered by the Secretary of State's Office, which has been a leader in state government online services in Michigan.

The Secretary of State's Office was the first to make it possible for Michigan residents to do business with state government online, with renewal of license plates. Since that time, the web site has offered a variety of services including the organ donor registry enrollment program and access to a variety of records including campaign finance records of statewide candidates.

Funds from personalized license plate sales are dedicated to highway beautification and cleanup. In the 2002 fiscal year, department collected \$3,138,153 in personalized license plate fees.

As of November 2002, there were 163,053 personalized license plate registrations on file with the Secretary of State.

Hospital offers 24-hour call center

Identifying the right point of service for your health condition is easier with Otsego Memorial Health Resource, a nurse call center program launched this month by Otsego Memorial Hospital.

"We are so pleased to be offering this 24-hour telephone nursing service for the first time," said Suzanne Cleere, RN, Vice President of Patient Care Services for Otsego Memorial Hospital.

"Injury or illness doesn't stop just because it's the evening or weekend and through this service we will be able to provide community members the professional guidance they need for the peace of mind they seek."

Otsego Memorial Hospital has engaged The Beryl Companies to provide outsourced telephone nurse triage services for the residents of Otsego, Montmorency and surrounding counties. Beryl is the nation's leading healthcare-exclusive customer interaction company.

This new service will enable

Otsego Memorial Hospital has answered the demands of its communities and recently launched a 24-hour call center to answer non-emergency questions.

patients to talk with experienced nurses, any time of day or hight, who will answer callers' questions using universally recognized protocols and state of the art guidelines covering hundreds

of symptoms. As appropriate, these specially trained nurses will also direct the caller to the most appropriate level of care in a time-sensitive and comforting

"If you're having chest pain, there's no question you need to get to the nearest Emergency Department," Cleere said. "But often the situation is not so clear. For those times when you are just not certain, the staff of experienced nurses at Otsego Memorial Health Resource will assist in directing the patient to the most appropriate point of care."

"Health Resource is the result of an initiative in our strategic plan to improve services for the entire service area," said Thomas R. Lemon, Chief Executive Officer at Otsego Memorial Hospital. "The community has indicated a desire for this service, and we're proud to be able to offer it along with our family of healthcare services provided by the Hospital, MedCare, Shared Care and McReynolds Hall."

Otsego Memorial Health Resource can be accessed 24 hours a day by dialing a toll-free number, 866-OMHHEALTH (or 866-664-4325).

There is no charge to callers for this service.

Basics of customer service, true stories included in new manual

Have you ever been a victim of poor customer service? If you were, then you won't have a hard time relating to the stories in Back to the Basics: Just Give Customers What They Want!, a collection of true stories and customer service manual by author and lawyer, Clare Evans Miller.

Every day, many people have to endure rudeness and incompetence in stores, salons, barber shops, private and public offices, restaurants, and repair shops -practically everywhere. Back to the Basics addresses this serious issue, and seeks to enlighten employers and employees by exposing the downside of poor

In her book, Miller compiles stories that exemplify many customer service "atrocities." Using this as a springboard, she then highlights the service-related problems that many employers face, and provides helpful tips in solving and preventing them.

Reading Back to the Basics will surely make the readers stop for a while and think: "Why do I have to endure this crap from these companies when, in fact, I'm the one who's paying them?" Insightful and informative, Back to the Basics serves as a wake up call for many business establishments that seem to have forgotten the value of customer service.

In an excerpt, Miller writes, "Poor quality is pervasive, irrespective of where the businesses are located and regardless of the race, ethnicity, or gender of those providing the service. The issue of poor quality service has to be

addressed, and someone has to initiate the discussion. Yes, Back to the Basics had to be written."

Author Clare Evans Miller has been involved in hundreds of business reorganizations, for the United States Department of Justice and the Office of the United States Trustee. As a business consultant, Miller has conducted training seminars for colleges and companies in the areas of customer service and career development.

She holds a Law Degree from Wayne State University School of Law, a Master of Arts from the University of Michigan, and a Bachelor of Science Degree from Western Michigan University. Currently, Miller is the General Counsel and Director of Evans, Miller & Associates, LLC, a firm engaged in training employees to provide good quality customer service. She resides with her husband and son in a small city near Detroit.

Back to the Basics: Just Give Customers What They Want! Is available through 1st Books Library at www.1stbooks.com.

\$500U **MINIMUM TRADE-IN GUARANTEE!**

OR \$2000 OVER KELLY BLUE BOOK!!

At Dean Arbour of West Branch FOUR BIG DAYS ONLY!

Thursday, January 16, 8am - 8pm • Friday, January 17, 8am - 6pm Saturday, January 18, 8am - 4pm • Monday, January 20, 8am - 8pm

'West Branch, MI - In recent history, FORD has offered incredible incentives to consumers during post 9/11 marketing blitz. The bold move on the part of FORD has spawned a huge incréase in new car and truck sales. The influx of fresh trades resulting from all the new car sales has flooded the used car lot at Dean Arbour Ford, making it necessary to continue with their innovative marketing approach of guaranteeing a minimum of \$5000 for trade or \$2000 over Blue Book

When asked owner Matt Arbour said, "We started offering a minimum of \$5000 or \$2000 over Blue Book for trades on pre-owned to balance FORD's robust financing programs for new vehicles. We have found that FORD's Incentive programs are still bringing an incredible amount of trades to our dealership. We will continue with our promise to give consumers \$5000 for any trade towards the purchase on one of our pre-owned vehicles."

Another feature available at Dean Arbour of West Branch is the great selection of Ford Certified Pre-Owned Vehicles with Market Based Pricing. These late model cars and trucks have been thoroughly examined and brought up to the strict parameters of Ford's 115 Step Inspection. Each of these vehicles automatically comes with a 6 year/75,000 mile limited warranty.

You can drive home with confidence knowing you can call 24 Hour Ford Roadside Assistance. "Best of all, this program is backed by the Ford Motor Company." said

Sales Director, Tim Slachta.

Slachta adds, "The Zero Percent Financing Program attracted new car buyers who were not necessarily ready to get into a new vehicle demanded by the age and mileage of their current vehicle. This has brought us many late model, low mileage trades in pristine condi-

Matt Arbour adds, "Now is the best time to buy a pre-owned vehicle. An unprecedented increase lease returns has flooded the nation's used car market. This has promoted lower prices on popular

"You can be sure we are passing those lower prices on to you!" added Tim Slachta.

Dean Arbour Ford is giving all of their customers a minimum guaranteed \$5000 allowance for any trade they can push, pull, tow or tug for \$2000 over Kelly Blue Book towards the purchase of any used car, truck, van, or sport utility vehicle. But hurry! It only lasts four big

Don't be skeptical. Matt Arbour assures you that this is one real deal.

"We have included every vehicle in our inventory. Recently I've heard other Dealer Guaranteed Trade Offers but they are limited to vehicles in their showroom or their select vehicles, telling me the offer is on unpopular models and hard-tosell vehicles. Every customer can be assured they will get the minimum \$5000 or \$2000 over Kelly Blue Book for their trade towards the

purchase of any used vehicle," "We've wanted to compete with 0% APR new car rate, so we worked with Ford Motor Credit and came up with a special low interest rate of

5.9% APR available to qualified buyers on Ford Certified Vehicles. This particular rate is unbelievable on pre-owned cars." said Matt

"Our credit specialists are trained with the most up-to-date methods to help customers with credit issues make the right choice when purchasing."

Every vehicle in Dean Arbour's huge inventory will be tagged with dramatic savings to make shopping hassle-free. "Bring all decision makers along with your payment book or title, so you can drive home immediately in your new-pre-

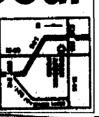

owned vehicle." "No matter what the condition of your vehicle, push it, pull it or have it towed onto our lot and we will guarantee a minimum \$5000 trade allowance. We can't combine this offer with any other advertised offer, and please, only one trade per

deal." said Arbour. This event starts Thursday, January 16th and continues through Monday, January 20th at Dean Arbour Ford located in downtown West Branch.

five companions. He was apparently then able to help pull them back onto the ice and out of about five feet of water. The five snowmobiles were to be recovered by a Houghton

Lake snowmobile dealer.

Then late Sunday night, just before 11 p.m., troopers were dispatched to the north shore of the lake where two snowmobilers were reported to have gone through the ice.

According to the State Police, three men were traveling north across Houghton Lake's frozen surface when they came unexpectedly upon thin ice and open water.

One of the snowmobilers was able to accelerate across the open water to safety and continued on shore to call 911. Rescue personnel from Lake, Lyon, and Roscommon Townships were first on the scene and began a search with tethered rescuers and aluminum boats.

Officers from the Houghton Lake Post in a hovercraft and officers from the Roscommon County Sheriff's Office using an cuts into the reaction time that a airboat were on Houghton Lake searching for the missing men within 30 minutes of the original call. One of the men's helmets was recovered near the East End of the open water area.

A U.S. Coast Guard helicopter was requested, but was unable to

respond due to severe winter weather conditions coming in over Lake Michigan. Unfortunately, the search had to be called off for the night around 1:30 a.m. Monday morning.

The Michigan State Police Dive Team and the Roscommon County Sheriff's Dive Team have been working as conditions permit to recover the two victims, brothers Jody and Dave Sperry, ages 27 and 24 respectively, of Houghton Lake.

As of press time late Tuesday afternoon, the State Police report rescue divers have only two to three feet of visibility, making the recovery of the two men extremely difficult. Sonar equipment is also being used to locate the victims.

Michigan State Police Sgt Kenneth Holmes said snowmobilers and others traveling over frozen lake surfaces, even on foot, need to be reminded of the inherently unpredictable condition of the state's frozen waters. "Firsthand knowledge of the area to be traveled and its condition is a must," Holmes advised.

Additionally, excessive speed snowmobile or ORV operator has to respond to those potential hazards, he explained. "And as always, alcohol and narcotics do not mix with any type of snowmobile or ORV operation."

An on going, "hands on" study of personal protection at home, school, and at the work place. Streetwise techniques are taught and discussed on an individual basis and are designed so that the size and strength are not involved. Students learn how to act on stressful situations rather than being controlled by them. A great opportunity for motherdaughter combinations!

CCC Museum hosts snowshoeing event

As the mercury plunges, it's all too easy to shut out the cold, grab a blanket, and snuggle into couch potato heaven. But then you would be missing the magnificent spectacle of nature in winter.

For those bold enough to bundle up and strap on snowshoes, adventure beckons: Hardy wintering birds rouse themselves from their roosts and call raucously to their companions. A hazy noontime sun reveals a coyote loping along a snowy hillside, searching among the brush for a mousy meal. And then there is the sacred magic of standing utterly alone in the world and watching as downy flakes start to fall.

Winter was made for outdoor fun: No crowds, no oppressive heat, or bugs. And there's no better way to experience wild winter firsthand than on snowshoes. New, high-tech, lightweight aluminum snowshoes can take you places where summer walkers never tread. While dense undergrowth may block footfalls in other seasons, deep fluffy drifts welcome explorers into private glades.

Snowshoes give almost total winter freedom. They allow trekkers to penetrate pristine wilderness, or for families to take short jaunts through meadows close to home.

They offer great aerobic condi-

tioning to anyone who wants to step up the pace, or they can provide the means for an easy meditative nature walk.

Still, the challenges of winter travel can often intimidate beginners. But now there's a unique local opportunity to join the experts and learn how to safely enjoy the wintry wilds without exceeding your comfort levels.

A Winter Trails Day event will be held at the CCC Museum, across from North Higgins Lake State Park near Roscommon on January 18 and it's the perfect opportunity to try out snowshoe-

"The day will include guided hikes through the tree plantation and snowshoeing activities, seminars and demos that will begin at 9 a.m. and conclude at 4 p.m.," said Ben Carr, a representative of event sponsors, Quiet Sports Outfitters and the Michigan Snowshoe Center.

"Winter Trails Day is the largest snowshoeing event of the winter here in Michigan. So, whether you bring your own snowshoes or come to try out the many demonstration models we will have on hand, we know people will find the day to be enjoyable and fulfilling."

This event is just one of 11 snowshoeing events organized by the American Hiking Society

(AHS) and Snowlink.com and open to the public as part of its 7th Annual Winter Trails Day

"People too often think of hiking as a summertime happening," said AHS President, Mary Margaret Sloan. "Winter Trails Day invites people outdoors at a time when they might not otherwise go, to experience snowshoeing, a sport that is growing more popular each year."

Even though snowshoeing is easy to learn, it can still seem intimidating to first-timers," said Sloan. "Winter Trails Day teams up beginners with experienced teachers who can help them make smart equipment choices and to learn basic techniques."

Winter Trails Day participants will quickly find that snowshoeing comes about as naturally as walking. In just a few short steps you'll understand why this is one of the fastest-growing winter sports.

Smorgasbord will benefit Meals-On-Wheels

The Crawford County Commission on Aging's (COA) Senior Center will host a Smorgasbord this Friday to benefit the local Meals-On-Wheels program.

Meals-On-Wheels is a homedelivered meal program staffed by volunteers. Recipients are seniors and other special needs adults in Crawford County who are unable to prepare meals for themselves. Each receives nutritious and balanced hot meals five days and frozen meals are offered for the weekend.

"Our goal is to help seniors continue to be able to live independently in their own homes with dignity and status," said COA Director Nova Anderson.

"With all the programs that are offered at the COA, we are hoping to prevent seniors from going into a nursing home," Anderson added. "Keeping seniors at home not only saves money for the seniors and their families, but

also the federal and state government Medicare and Medicaid dollars."

To help pay for the program, the COA is offering a smorgasbord of barbequed chicken, meatballs and ham plus side dishes and dessert on Friday, January 17, from 4 p.m. to 7 p.m. Cost is \$3 for seniors over 60 years of age and children; \$5 for nonseniors.

"We invite everyone to come to the smorgasbord and help us to help the seniors of Crawford County," said Anderson.

For more information, call the Senior Center, located on Lawndale in Grayling, at 348-

GHS ski teams win in league opener

Grandare County Ave more

► Girls, boys teams both defeat Roscommon and Saginaw Valley

In the first Central Alpine Ski League meet of the year - hosted by Roscommon at Treetops on Thursday, January 9 -Grayling High School's ski teams defeated Roscommon and Saginaw Valley Lutheran.

In the girls team competition, the Vikings scored a 31, Roscommon had 43, and Saginaw finished with 113. (Lowest score wins.)

The Vikings were led by Mallory Olson, who placed 1st in the slalom event and 3rd in the giant slalom (GS) for a total of four team points. Heather Vandecar took 1st in GS and 6th in slalom despite missing a gate and having to stop on her first run. Kassie McClain put four solid runs down the hill, placing 4th in slalom and 8th in GS.

Andria Alvarez and Jill Seager placed fourth on the team with 14 team points each. Alvarez was 12th in slalom after leading the first run. A fall in her second run cost her a top spot. She was 2nd in GS. Seager, a freshman, "may have been a bit nervous in her first varsity meet and fell in the first run of slalom, but then put three very good

72-36.

The GHS freshman boys basketball team improved its season record to 5-0 with a lopsided victory over the Panthers of Standish Sterling Central last Thursday in Grayling. The Vikings won by a final score of

GHS got off to a slow start. The Vikings edged Standish 12-11 in the first quarter, scoring 12 on a jumper by Zac Baker, a drive by Reagan Schmidt, a layup by Baker, a put-back by Schmidt, and a lay-up by Ryan Feldhauser.

The Vikings were plagued by turnovers in the first quarter and early in the second. A couple minutes into the second period, Grayling got its offense in gear and started creating turnovers on defense. The Vikings turned Standish turnovers into points, and ran their lead up to 39-21 by halftime.

Grayling's 27 points in the second quarter included a 7-0 run and a devastating 14-0 unanswered streak. Eli VanNuck had 12 points in the period, Schmidt had eight, Dean scored on a layup and a jumper, Baker had two points with a shot inside, and J.C. Schneider added one on a free throw.

Wrestling team places 3rd at 10-team tourney

► Vikes have one 1st place finisher, five 2nd places, two 3rds, one 4th

The Grayling High School wrestling team placed 3rd out of 10 teams at a tournament at Oscoda on Saturday.

Participating schools included Farwell, Gaylord, Oscoda, Gladwin, Hale, Kingsley, Saginaw Valley, and Tawas. Gaylord took first, and Gladwin placed second. .

For Grayling, Brandon Pratt (171) won his weight division. Pratt is 17-2 so far this season.

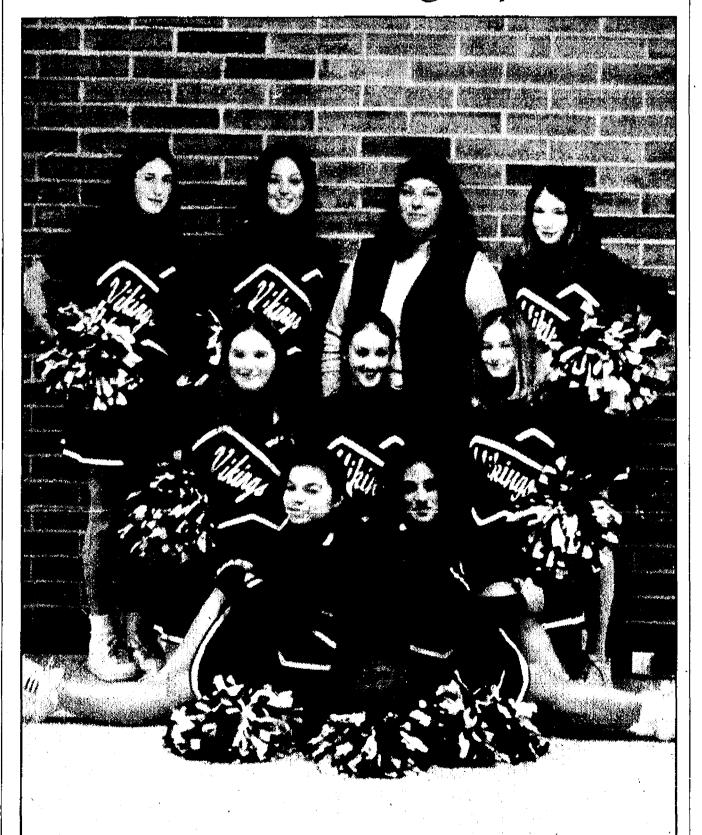

Adam Malone (130, 11-9), Chuck Woodman (135, 4-1), Joel Wilson (145, 14-4), Dusty Partello (152, 16-1) and Darryl Babbitt (160, 12-3) all placed second in their respective weight classes for GHS.

Emily Harvey (103) and Aaron Rosecrans (215) both placed third. James Walker (125) took fourth. Joe Ferrigan (189) and Travis Brush (275) also earned team points for Grayling at the tournament.

"I was very proud of the improvement of the overall team," said Coach Don Ferguson. "They worked hard this week and it showed."

Grayling.

Grayling posts victories at Gaylord and Pinconning

With two wins on the road last week, Grayling High School's junior varsity boys basketball team improved its season record

On Tuesday, the Vikings defeated the Blue Devils of Gaylord at Gaylord 66-62 in overtime.

Grayling led 26-17 at halftime and had a 43-31 advantage going

into the fourth quarter. The Blue Devils caught up in the fourth period, outscoring Grayling 23-11 to force OT.

"We came out the first half and played well," said Coach Butch Hayes. "In the fourth quarter, we lost our composure and poise – they upped the intensity. In overtime, we came out and scored the first eight points and did a good job finishing the game.'

Ryan Davis posted a doubledouble for Grayling with 27 points and 13 rebounds. He led the Vikings in both categories in the contest.

Josh Hinkle finished with 22

points. Matt Swope, Russ Peters, Tyler Cragg, and D.J. Metzer also scored in the match for

On Friday, the JV team won at Pinconning 61-52.

The Vikings had a 28-25 edge at halftime. With a 17-12 third period, Grayling led Pinconning 45-37 going into the fourth. GHS sealed the win with a 16-15

fourth quarter. "We played injured and had a great team effort. We had some kids step up and fill in some key roles," Coach Hayes said. "We shot well from the line (18 for

9th graders win 5th straight game

Continued from Page 1B

The Vikings continued their offensive onslaught in the third quarter with a 20-10 period. VanNuck accounted for 12 of the 20, including three on a triple just before the third quarter buzzer. Dean added four and Baker and Schmidt each had two points in the quarter.

Grayling outscored SSC 13-5 in the fourth quarter to seal the victory. The Vikings scored their 13 fourth period points on a drive by VanNuck, two free throws by Dean, a jumper by Baker, a free throw by Schneider, a lay-up Feldhauser, a put-back by Zeke Hayes, and a lay-up by VanNuck.

"The boys really stepped up defensively tonight," Coach Joe Mau said. "We played with a lot of intensity, hustle, and poise.

Zach Dean and Zac Baker did a great job on the boards, while Reagan Schmidt really distributed the ball well. Eli VanNuck continues to attack the basket and finish well - it was his second straight game with 30-plus points."

VanNuck ended the night with 30 points, 5 steals, and 3 rebounds.

Schmidt had 14 points, 6 rebounds, and 5 steals. Dean scored 12, grabbed 6 rebounds, and posted 2 steals. Baker finished with 8 points, 9 rebounds,

and 2 steals. The freshman team will host West Branch Ogemaw Heights on Friday, January 17 at 4:30 p.m. The contest is the first game of a tripleheader that will also include JV and varsity matchups between Grayling and Ogemaw.

Vikings win at Pinconning to stay unbeaten in conference play

The GHS varsity boys basketball team improved its conference record to 4-0 with a 70-56 victory at Pinconning last Friday.

The Vikings are currently in sole possession of the top spot in the North East Michigan Conference. Bay City John Glenn, second in the league at 3-2, lost to Ogemaw on Friday.

At Pinconning, Grayling built up a 42-28 halftime advantage. The Vikings added three to their lead with an 18-15 third quarter, and held on for a 14-point win.

"We started off slow, putting ourselves in an 11-4 hole. Our team then went on a 23-4 run, which was started because we played with improved intensity," Coach Rich Moffit said. "We received a number of positive performances. Our kids are getting better each game. I was pleased with the way that we took care of the basketball down the stretch of this game."

"We have a number of huge games coming up and we have to continue to improve if we are going to be successful," Coach Moffit said.

Gibson Tobin was the leading for Grayling scorer Pinconning with 23 points. Travis Helsel added 17. Andy Strohpaul, Chad Helsel, Adam Kaiser, Joe Zelek, Greg Morrill, Joe Lange, and Roger Alvarez also had points for GHS in the

Roy Czapek was the team's leading rebounder with 8 boards. Strohpaul had 6 steals, Tobin finished with 5 assists, and Lange posted 4 blocks.

On Tuesday, the team lost a non-conference game at Gaylord 70-65 in overtime.

Grayling led 18-12 at the end of one quarter and had a 32-30

Freshman Jessica Thomson finished 11th in slalom despite a first run fall and then helped the team with a 9th place GS finish that pushed Roscommon and Saginaw Valley back more team points.

"All the girls were in their first race of the year and had probslalom, in with Roscommon leading 17-19-61. The teams got real serious in giant slalom and the Lady Vikes didn't like second place," Coach Wieland said.

Vandecar's 1st, Alvarez's 2nd, and Olson's 3rd nearly swept the GS event. The Scott sisters from Roscommon placed 4th and 5th to prevent the Vikings from a perfect 10 score. Seager placed 6th to give the Vikings a total of 12 team points. McClain's 8th and Thomson's 9th helped push

Grayling's boys team started out the GS competition showing no signs of missing the three seniors that led the team in 2002. Sophomores led the charge for GHS as Jim Jansen, Trevor Clough, Pat McInally, and John Handy placed 1st, 3rd, 4th, and 5th, respectively, to score 13 team points. Eric Hunter placed 6th and Adam Gilbert was 7th. The Vikings led at the halfway point 13-29-45.

> "The boys shook off first meet jitters and their experience from last season took over as they all skied like veterans," Coach Wieland said. "We're a young team, one senior and six sophomores, but we're not rebuilding. We put this team together last year and they have had three years in the junior high program. they should do well if we ski to our abilities."

Freshman team wins in double OT

► Eli VanNuck scores 34 points in 64-59 victory over Pinconning

by Caleb Casev Staff Writer

Grayling High School's freshman boys basketball team defeated the Spartans of Pinconning 64-59 in double overtime last Monday in Grayling.

The match was close all through regulation. Grayling led by two with less than 10 seconds left in the fourth quarter, but Pinconning tied the contest at 46-46 with a pair of foul shots, forcing overtime. After a 6-6 stalemate in the first overtime period, Vikings outscored Pinconning 12-7 in the second OT to win the game.

Pinny edged Grayling 12-11 in the first quarter. The Vikings scored their 11 on a jump shot by Eli VanNuck, two three-pointers by Reagan Schmidt, a fast break lay-up by VanNuck, and a free throw by VanNuck.

A lay-up by Ryan Feldhauser following a steal gave GHS a 13-12 lead. Pinconning scored a basket inside to go back up by one. A 5-0 run by Grayling - on a jumper by Zac Baker; a lay-up by VanNuck, and a free throw by VanNuck - put the Vikings up 18-14. The Spartans scored the next two baskets, tying the game at 18-18.

A put-back by Baker - the last bucket of the second quarter gave Grayling a 20-18 edge at halftime.

Pinconning outscored GHS 19-12 in the third quarter to take a 37-32 lead into the fourth period. Grayling's 12 third quarter points were the result of four baskets by VanNuck, a jumper by Baker, and two free throws by Zach Dean.

A jump shot by VanNuck pulled Grayling within four, 38-34. Pinconning scored to go up by six. A basket by VanNuck cut the Spartan lead back to four. Two free throws by Pinconning gave the Spartans a six-point advantage, 42-36.

Pinconning hit one of three free throws after being fouled behind the three-point line. A jump shot by VanNuck pulled Grayling within three, 43-40. A basket by Schmidt cut Pinconning's lead to one with 2:19 left in regulation.

A shot inside by Dean on an assist from Baker gave Grayling a 44-43 edge with 1:30 remain-

Zach Dean puts up a shot from underneath the basket in last Monday's freshman boys basketball game against Pinconning at GHS.

At the 1:00 mark, Pinconning hit one of two free throws to tie the game at 44-44.

The Vikings got the ball in and killed time off the clock. With less than 10 seconds left, VanNuck drove in for a shot and was fouled. He hit both free throws, giving GHS a 46-44 lead with seven seconds left in the fourth quarter.

The Spartans drew a blocking foul, and sank both free throws, tying the game at 46-46.

Grayling had three seconds to work with. The Vikings got the ball in and got a shot off, but it didn't go in. The game headed into overtime.

Pinconning scored the first basket of overtime. A shot inside by Feldhauser on a pass from VanNuck tied the contest at 48-48. A drive by VanNuck put GHS up by two.

The Spartans tied the match

with a pair of free throws. The Vikings went up by two with a jump shot by Feldhauser. Two free throws by Pinconning tied the game at 52-52 with 38 second left in OT.

Pinconning forced a tie-up and the possession arrow favored the Spartans. The Vikings were called for a foul with nine seconds left on the clock. Pinconning missed both free throws, leaving the score tied.

The Vikings got the ball in and called time-out with six seconds left in overtime. Grayling got the ball in and fired a jumper, but it didn't go in. The game progressed into a second fourminute overtime period.

Grayling scored the first five points of double overtime. A free throw by Pinconning pulled the Spartans within four.

The Vikings started moving the ball around to take time off the clock and Pinconning had to foul. A free throw by Schmidt put Grayling up by five.

GHS got the ball back and scored two on a fast break lay-up by Feldhauser. Grayling led 60-53 with about a minute left in the

Pinconning tried a three-pointer, missed, and Schmidt came down with the rebound. The Spartans fouled VanNuck, who hit both free throws.

Pinny scored on a lay-up, then fouled to stop the clock. VanNuck again hit both shots from the free throw line. The points put Grayling up by nine, 64-55, with 21 seconds remain-

The Spartans scored on a putback after missing three free throws, then stole the ball and scored again just before the buzzer. Grayling held on for the 64-59 victory.

The win improved Grayling's season record to 4-0.

"Wow! A double overtime win to push the team to a 4-0 record. Eli VanNuck exploded with 34 points and was supported with great team defense. Reagan Schmidt and Ryan Feldhauser played outstanding defense, while Zach Dean and Zac Baker controlled the boards," Coach

Joe Mau said.

VanNuck finished the game with 34 points, 7 steals, and 4 rebounds. Schmidt had 11 points and 3 steals. Feldhauser scored 10 and had 6 boards. Dean, the team's leading rebounder in the contest with 9, scored 6 points and had 2 steals.

KIRTLAND BASKETBALL

Mens Team

WATERFORD TOWNSHIP -Sophomore guard Jake Milarch scored 16 points, grabbed six rebounds and dished out seven assists to lead Kirtland Community College to a 74-67 victory Wednesday night at Oakland Community College.

Terrance Coker added 15 points and Reuben Edwards had 10 for Kirtland, which evened its record at 1-1 in the Michigan Community College Athletic Association and improved to 6-7 overall.

ROSCOMMON - Center Alvaidas Gedminas had 17 points and 18 rebounds and forward Eugene Phillips added 17 points and 10 rebounds Saturday to help Kirtland to a 104-93 victory over Delta.

But it was sophomore guard Vaughan Gray, in his best-ever college game, who led the pace with 17 points, five rebounds and six assists.

Gray also made eight of 11 shots from the free-throw line, several of them down the stretch when the Firebirds pulled away in a game that was tightly contested throughout.

Kirtland is 2-1 in the conference and 7-7 overall.

Womens Team

ROSCOMMON - Mott's Lady Bears brought a six-women team to face a well-rested group from Kirtland feeling very good about itself after a strong finish in its holiday tournament.

Then the understaffed visitors put on a clinic against the Lady Firebirds, whose coach criticized his players for their futile individual efforts in a 79-50 rout Saturday in the conference open-

"Those six girls of their played as a team," Kirtland coach Jimmy Parker said. "We didn't. Our girls weren't in the game from the start. They were playing 'me' ball all day. They know bet-

Teona Blythe scored 18 points and hauled down 16 rebounds to power Mott. Jennifer Smith had 17 points and Tracy Johnson 16 for the Lady Bears, 8-5 overall and 1-0 in the Michigan Community College Athletic Association.

"It seemed like we just lost our intensity and I have no idea why after we had played so well before Christmas," Parker said. "We were so lethargic on defense and impatient on offense. Everybody tried to do things

individually instead of run our plays."

Becca Miller and Jeni Kemp each had 10 points for Kirtland, 5-8 and 0-1.

WATERFORD TOWNSHIP -Larissa Taylor scored 21 points to lead Oakland University to an 83-57 win Wednesday night over visiting Kirtland.

Becca Miller scored 15 points to lead Kirtland and Jeni Kemp came off the bench to score 10 points and grab seven rebounds for the Lady Firebirds, which fell to 0-2 in the Michigan Community College Athletic Association and 5-9 overall.

Oakland is 2-0 in the conference and 12-4 overall.

ROSCOMMON - A worrisome trend continues for Kirtland's Lady Firebirds, and after their fourth straight loss and fifth in six games the reason for the slump has become crystal clear to coach Jimmy Parker.

"I'm afraid we have some very selfish players who don't really care whether we win or lose as long as they get their stats," Parker said after a 71-59 loss Saturday to Delta after his team squandered a double-digit firsthalf lead. He didn't name names, but he knows who they are.

"Our biggest problem, again, was time management. We were ahead by nine points with five minutes to go in the first half, and we're rushing the ball down court and firing up threes. The girls just wouldn't take their time and run the offense. When they did, we created some nice, clean shots for ourselves."

Freshman forward Leah Dixon scored 15 points and grabbed eight rebounds and sophomore center Kristine Porter had 13 points, nine rebounds and made seven of eight from the freethrow line to lead Delta. The Lady Pioneers are 3-0 in the Michigan Community College Athletic Association and 5-7 overall.

Sophomore guard Becca Miller led Kirtland with 13 points, freshman forward Jeni Kemp had 13 points and nine rebounds and sophomore center Jillian Schultz scored 11 for Kirtland, 0-3 in the conference and 5-10 overall.

The Lady Firebirds built their big first-half lead with tenacious defense, forcing Delta to turn the ball over 13 times before the intermission.

"We played harder, and that was encouraging," Parker said.

8th grade 'green' team wins one, loses one

Grayling Middle School's 8th grade boys basketball (green) team bounced back from a loss Wednesday to Roscommon with a 38-30 victory over West Branch Surline on Thursday. Both games were played at GMS.

"The team came off a tough loss on Wednesday but played outstanding to defeat a very good team Thursday. Jim Boylan, Jesse Ginther, and Mike Boylan controlled the rebounding and scored well around the basket," Coach Gary Summers said. "Our guards played great, controlling the tempo and feeding the ball inside. A.J. Anter and Cory Metzer played great defense towards the end of the game. This was a total team win."

Ginther was the leading scorer for GMS with 12 points. J. Boylan had 8. Anter, M. Boylan, Jeff Bancroft, Scot Olson, and Metzer also had points for Grayling in the contest.

On Wednesday, the Vikings lost to Roscommon 51-21.

"We definitely weren't ready for the team speed and outside shooting Roscommon brought to the gym on Wednesday," Coach host Kalkaska on Monday, January 20 at 5 p.m.

Summers said. "We started real slow on both ends and never got any offense going. Hopefully we'll learn from our mistakes and keep looking for ways to improve. This team has great potential and I have confidence they will be playing pretty good by tournament

Against Roscommon, Justin Summers, M. Boylan, Metzer, Bancroft, Ginther, Anter, and J. Boylan all scored for GMS.

The response to our latest fund-raisers has been wonderful: Dog-Opoly, Cat-Opoly, Wild Animal-Opoly and Ocean-Opoly are big hits! We have only one of the Ocean-Opoly game, but a few of the others are still available. These games are fun while being educational and make great gifts, or to just chase away cabin fever. Cost is \$25 each and all proceeds go to help the animals in our care. Games are available for purchase at J.Dap Co. and at the Avalanche office. "Creature Comforts Cookbook" is still available for a donation of \$15. Stop by the Shelter, the Grayling Hospital for Animals, the Avalanche, Riverland Gear, The Medicine Shoppe, or Stevens Family Circle and get your copy. The support of this community has allowed for many upgrades at the shelter in 2002. Stay tuned for details! The Animal Shelter of Crawford County is located at:
